#### **New Arrangements for the Engagement of Staff in the Public Sector**

In keeping with the Government of Jamaica's Medium-Term Economic Programme and, specifically, the commitment to reduce the size of the wage bill to less than 10 percent of GDP over the next four years, new arrangements for the hiring of staff in the public sector are in force, with immediate effect.

1. Immediate steps must be taken to limit the expansion of staff and/or posts in the public sector;
2. Where possible and feasible, vacancies in the existing establishment should be filled from within the existing staff structure or by reallocation of duties;
3. Where it is deemed absolutely necessary to establish new posts, the existing requirement for approval therefor by the Ministry of Finance and the Public Service must be strictly adhered to and detailed justification for such posts will be essential;
4. There will be no retroactive approval for the establishment of new posts; and
5. In any event, new recruitment must not result in additional expenditure beyond existing budgetary allocations applicable to emoluments.

This directive is applicable to all Ministries, Departments, Agencies (MDAs) and Public Bodies, including government companies and statutory bodies.

Please ensure that this circular is brought to the attention of the public sector entities and the relevant personnel under your purview.
