MINISTRY OF FINANCE AND PLANNING
30 NATIONAL HEROES CIRCLE
P.O. BOX 512
KINGSTON
JAMAICA

October 1, 2013

Circular No. 26
File No. 107/022
Division: Public Expenditure Policy Coordination

Accounting Officers
Chief Executive Officers
Heads of Departments

Revised Chart of Accounts

Permanent Secretaries, Heads of Departments, Chief Executive Officers of Executive Agencies and Budget-Funded Public Bodies are advised of the attached Revised Chart of Accounts to be implemented on April 1, 2014. The structure of the Chart of Accounts is based on Government Financial Statistic (GFS) Manual 2001 to facilitate the International Monetary Fund (IMF) reporting requirements.

The revised Chart of Accounts establishes a set of standard accounting codes for revenue and expenditure transactions throughout the public sector. This will enhance Government's capability to produce consolidated financial reports.

Ministries, Departments and Agencies (MDAs) will be required to submit their budgets for the 2014/15 financial year using the new Chart of Accounts classification codes. The revised Chart of Accounts will be implemented on the FinMan system with effect from April 1, 2014.

Permanent Secretaries, Heads of Departments, Chief Executive Officers of Executive Agencies and budget-funded Public Bodies must ensure that this Circular is distributed to all relevant persons.

This Circular supersedes Circulars # 9 dated June 30, 2011 and # 4 dated March 2, 1999.

131 GOVERNMENT OF JAMAICA CHART OF ACCOUNTS SECTION 1: INTRODUCTION

1 Government of Jamaica Chart of Accounts November 2013

1 Introduction

The GOJ Chart of Accounts is a set of intertwined codes developed to facilitate:

- The recording and analyzing of financial transactions;
- The enforcement of financial controls; and
- The preparation of management and statutory external reports.

It is an integration of budget and accounting classification codes which are in harmony with the IMF Government Financial Statistics Manual (GFSM), 2001.

The COA has a total of six (6) segments. A COA segment identifies a discrete reporting or control requirement. Each segment can be combined with other segments to create financial reports and controls. Reports can be run for individual segments or combination of segments. The six segments are:

- **Organisational Classification**
- **Financial Pattern**
- **Functional Classification**
- **Programme Structure**
- **Economic Classification (Object)**
- **Financial Reporting**

The sections that follow provide the details of the codes included under each segment. The codes included do not necessarily cover each detailed code that will be required by the various Ministries, Departments and Agencies. However adequate provisions are made for codes to be added as required (within the guidelines stipulated in the COA Manual). **GOVERNMENT OF JAMAICA CHART OF ACCOUNTS SECTION 2: SEGMENT ONE – ORGANISATIONAL CLASSIFICATION**
