LOGO DESIGN COMPETITION FOR SHARED CORPORATE SERVICES JAMAICA

The introduction of Shared Corporate Services (SCS) is an important pillar of the Public Sector Transformation Programme being implemented by the Transformation Implementation Unit (TIU). Seven corporate services will be delivered through this modality, namely human resource management, internal audit, finance and accounts, asset management, procurement, information and communication technology, and public relations and communications.

Shared Corporate Services Jamaica (SCSJ) will be the hub for the provision of these services across the Government of Jamaica and will enable ministries, departments and agencies (MDAs) to focus on performing their core functions and delivering efficient, innovative and customer-centric services. This will, improve the delivery of public services and enhance the overall operations of government while saving money.

SCSJ will use the latest technologies, lean business processes and service standards to deliver first-class services to its customers.

The TIU is inviting public sector workers to participate in a logo design competition for the **Shared Corporate Services Jamaica (SCSJ)**. This will help us to create the appropriate branding for the Centre. Importantly, this will engage and involve public sector workers in this historic initiative.

The deadline for submission is Friday, November 27, 2020 at 4pm.

The winning entry will receive a laptop.

All entries are to be submitted electronically to letusknow@transformation.gov.jm. More information is available on the TIU's website: www.publicsectortransformation.gov.jm.

Darlene Morrison (Miss)
