2023-2024 Jamaica Budget

Head 19046 - Forestry Department

\$ '000

Head 19046 - Forestry Department
Budget 1 - Recurrent

Description of Head of Estimates

The Forestry Department is responsible for the management of forests on Crown Lands in a sustainable way which maintains and increases the environmental services and economic benefits they provide.

The Forestry Department is engaged in the implementation of Jamaica's commitments towards reduction of emissions and adaptation to climate change as put forward in the "Nationally Determined Contributions" (NDC) 2020-2030. Jamaica submitted an updated NDC to the United Nations Framework Convention on Climate Change in July 2020. The updated NDC submission covers emissions from forestry and land use change for the first time, reflecting the importance of the forestry sector to Jamaica, which accounts for more than half of the island's total land use. The updated submission aims to reduce emissions by 25-29% relative to a business-as-usual scenario by 2030. Critical to the achievement of this target is the focused execution of key activities by the Forestry Department to sustainably manage and utilize Jamaica's forest resources to enhance social and economic development and contribute to building the country's climate resilience.

Vision and Mission Statement

The vision of the Department is for "a country where we value our forest ecosystem and use its resources in a responsible manner."

The mission of the Department is "to manage our forests in an effective and responsible manner for the benefit of current and future generations".

Results Framework

The Results Framework reflects of the Department's key strategic objectives and Medium Term National/Sector Strategies which contribute to achievement of the National Goals and Outcomes of Vision 2030. The Department's budget structure has been rationalized to create Programmes and Sub Programmes which bring together services with shared objectives (outputs), aimed at achieving a common outcome (result).

Key Performance Indicators

Key Performance Indicators (KPIs) have been developed for select programmes to facilitate assessment of the progress being made by the department in achieving its objectives. (Page 19046-5)

Vision 2030 Goals and Outcomes:

- Goal No.4: Jamaica has a healthy natural environment
- Outcome No.13: Sustainable management and use of environmental and natural resources
- Outcome No.14: Hazard risk reduction and adaptation to climate change.

Medium Term National/Sector Strategies:

- Integrate environmental issues in economic and social decision making policies and processes.
- Develop and implement mechanisms for biodiversity conservation and ecosystems management.
- Develop efficient and effective governance structures for environmental management.
- Develop measures to adapt to climate change.

Department Objectives:

Reverse forest degradation, deforestation, and the loss of forest biodiversity through conservation and sustainable forest management by way of partnerships, public education and awareness as well as strengthening the legislative, policy and institutional framework of the sector.

Programme 154 - Facilitation of Access to Justice

Description of Programme

This programme supports the creation of a modern justice system that facilitates access to justice in an efficient and effective manner, engendering public confidence and trust. The Programme therefore seeks to reduce the flow into the formal justice system through the use of Alternative Dispute Resolution (ADRs) mechanisms and collaboration with the social sector with a particular focus on the vulnerable children and youth; modernize approaches to providing legal assistance and to respond to legal needs; provide adequate critical physical infrastructure; and provide adequately trained justice sector staff, with sufficient capacity to manage, and the requisite administrative structures.

Activity 10005 - Direction and Administration

This Activity supports the operations of the National Children's Registry (NCR) which is the central facility for reporting incidents of children who are known or suspected to be abused, neglected or in need of care and protection. The Registry records, assesses and refers reports to the Agency's Investigations Unit and other external entities which will investigate and intervene accordingly. Vision and Mission Statement

Our health vision is: "Healthy People, Healthy Environment". It is one which envisages a health system that is client-centred and guarantees access to quality health care for every person in our population, at reasonable costs, and which takes into account the needs of the vulnerable among us. It is one which seeks to provide information and to educate the populace, to facilitate individuals taking responsibility for their own health, making informed decisions and adopting healthy lifestyle habits. All this, within a clean, healthy environment where families and communities actively participate and are integrated into the system of health.

Results Framework

The Results Framework consists of the ministry's key strategic objectives and Medium Term National/Sector Strategies which contribute to achievement of the National Goals and Outcomes of Vision 2030. The ministry's budget structure has been rationalized to create Programmes and Sub Programmes which bring together services with shared objectives (outputs), aimed at achieving a common outcome (result). Key Performance Indicators (KPIs), a critical component of the Results Framework, will be developed for each Programme to facilitate assessment of the extent to which the ministry's performance is achieving the desired outputs and outcomes.

Key Performance Indicators (KPIs) have been developed for select programmes to facilitate assessment of the progress being made by the ministry in achieving its objectives. (Pages 42000 - 13 to 42000 - 15)

Sub Programme 20 - Land Transport Management

Activity 10005 - Direction and Administration

This activity supports the operations of the **Island Traffic Authority (ITA)** and provides a subsidy to the **National Road Safety Council (NRSC)**. The Island Traffic Authority endeavours to achieve greater safety on the roads, through the examination of vehicles, to ascertain road-worthiness and the testing of applicants for drivers' licences, to determine competence and the issuing of certificates accordingly. The provision is to meet the operating expenses of the Authority. The Authority expects to utilize **\$75.0m** in fees which represents 80% of all funds collected; (Cabinet Decision No. 18/14 dated May 19, 2014) to offset its expenditure. This is reflected as **Appropriations-In-Aid (AIA)**. The provision includes **\$100m** for the restructuring of the ITA.

The National Road Safety Council was established in 1993 as a non-governmental organization mainly concerned with vehicular and pedestrian safety. The allocation will be used to meet the operational expenses of the Council. The distribution across the various objects of expenditure is as follows:

This activity supports the work of the Earthquake Unit located on the Mona Campus of the University of the West Indies. The Unit, through the Jamaica Telemetered Network of Seismograph Stations, determines active faults and their potential for producing damaging earthquake across the island and provides data which forms the basis for strategic planning.

The proposed allocation is to assist the Earthquake Unit (EU) to continue its scientific activities during 2023/2024. Primary outputs during the year will be the following:

- Publication of Jamaica's Seismic Code and maps;
- Contribution of data to the Caribbean Tsunami Warning Programme;
- Implementation of an effective Earthquake Early Warning Programme;
- Contribution of information to guide the National Building Code.
