Specialties of the Health Technology Studies: (Minor degree)

- Technician in Thanatology.
- Technician in Aquatic Rescue.
- Technician in Traumatology
- Technician in Patient Care.
- Anaesthesia Technician.

Specialties of the postgraduate medical studies:

- Allergology (3 years)
- Human Anatomy (4 years)
- Pathological Anatomy (3 years)
- Anaesthesiology and Resuscitation (4 years)
- Angiology and Vascular Surgery (4 years)
- Biostatistics (3 years)
- Clinical Biochemistry (4 years)
- Cardiology (3 years)
- General Surgery (4 years)
- Paediatric Surgery (4 years)
- Coloproctology (3 years)
- Dermatology (3 years)
- Embryology (4 years)
- Endocrinology (3 years)
- Pharmacology (4 years)
- Normal and Pathological Physiology (4 years)
- Gastroenterology (3 years)
- Clinical Genetics (4 years)
- Geriatrics and Gerontology (3 years)
- Haematology (3 years)
- Hygiene and Epidemiology (3 years)

- Histology (4 years)
- Imagenology (4 years)
- Immunology (3 years)
- Clinical Laboratory (3 years)
- Speech Therapy and Phoniatics (3 years)
- Comprehensive General Medicine (3 years)
- Adult Intensive Care and Emergency Medicine (3 years)
- Paediatric Intensive Care and Emergency Medicine (3 years)
- Internal Medicine (3 years)
- Natural and Traditional Medicine (3 years)
- Microbiology (3 years)
- Nephrology (3 years)
- Neonatology (3 years)
- Neurology (3 years)
- Obstetrics and Gynaecology (4 years)
- Ophthalmology (3 years)
- Oncology (3 years)
- Orthopaedics and Traumatology (4 years)
- Paediatrics (3 years)
- Child Psychiatry (3 years)

Specialties associated with the Ministry of Higher Education in Cuba:

- Geological Engineering
- Geophysical Engineering
- Mechanical Engineering
- Electrical Engineering
- Automatic Engineering
- Telecommunications Engineering
- Computer Engineering
- Chemical Engineering
- Industrial Engineering
- Hydraulic Engineering
- Civil Engineer

- Architecture
- Industrial Design Degree
- Degree in Visual Communication Design
- Biomedical Engineering
- Degree in Computer Science
- Degree in Mathematics
- Physics degree
- Chemistry degree
- Geography degree
- Biochemistry degree
- Biology degree
- Microbiology degree
- Pharmaceutical Sciences Degree
- Agronomy Engineer
- Forestry Engineer
- Dr. Veterinary Medicine
- Agricultural Engineering
- Economics degree
- Accounting degree
- Bachelor of Tourism
- Bachelor of History
- History of Art Degree
- Bachelor of Social Communication
- B.A. in Literature
- Bachelor of Information Science
- Bachelor of Sociology
- Special Education
- Primary Education
- Pre-school Education
- Bachelor of Education Speech Therapy
- Bachelor of Education Psychology – Pedagogy
- Bachelor in Agricultural Education
- Bachelor of Education Construction

- Electrical Education
- Bachelor of Education Economics
- Bachelor of Education Foreign Languages
- Mathematics Education
- Physical Education
- Bachelor of Labour Education
- Bachelor of Education in Computer Science
- Bachelor of Education Biology
- Bachelor of Education in Chemistry
- Bachelor of Education Geography
- Bachelor of Education Industrial Chemistry
- Bachelor of Arts Education
- Bachelor of Physical Culture
