

WHAT'S IN IT FOR ME?

THE GOJEP SYSTEM

Procurement has been made easier for local and international entities wishing to do business with the government through a fully functional electronic procurement system. **The Government of Jamaica Electronic Procurement System (GOJEP)** is an e-tendering system that manages bid submissions, aids in bid evaluation, and contract award and provides business intelligence reports. It also enables standardised procurement processing, easy access to information and greater procedural efficiency.

Using the GOJEP Portal is Easy, the first step is to visit www.gojep.gov.jm then:

- 📝 Register as a supplier
- 👤 Create a profile
- 📎 Access the bidding documents
- 📄 Complete and/or upload all the required documents
- ➡ Submit

WHAT YOU SHOULD REMEMBER:

- GOJEP is an e-tendering system that manages bid submissions and evaluations.
- All procuring entities seeking to do business with the government must use GOJEP for procurement transactions above J\$ 1.5 million.
- Procuring entities must provide proof of compliance with the payment of taxes when submitting their bid application through GOJEP.
- Entities must be registered with the Public Procurement Commission.
