Editorial

The Ministry of Finance and the Public Service (MOFPS) continues to advance Jamaica's economic stability and national development through the implementation of sound socio-economic and financial policies. As we enter a new financial year, the Ministry remains committed to protecting fiscal sustainability while supporting reconstruction and long-term growth, particularly as communities continue rebuilding following the passage of Hurricane Melissa.

In keeping with this commitment, the Government of Jamaica (GOJ) announced a \$1.44 trillion national budget for the 2026/2027 fiscal year focused on safeguarding fiscal discipline while powering reconstruction and economic expansion. The budget underscores the GOJ's continued dedication to prudent fiscal management and policies that promote resilience and sustainable development.

During the quarter, the GOJ also engaged key stakeholders and international partners to strengthen Jamaica's economic outlook. The Prime Minister of Jamaica and Minister of Finance and the Public Service met with Scotiabank Global Executives during a courtesy call to discuss the strength of Jamaica's financial sector and opportunities for continued investment and partnership. Additionally, Fitch Ratings affirmed Jamaica's rating at 'BB-' with the outlook remaining stable highlighting continued confidence in the country's macroeconomic framework and fiscal management.

In this edition of the **MOFPS Insider**, we highlight the Jamaica Stock Exchange's 21st Regional Investments and Capital Markets Conference, GOJ's Audit Committees' Conference and the GOJ's signing of a Letter of Intent for a Subsea Cable Project. We also share highlights from the Ministry's internal activities geared at engaging and empowering staff.

GOJ ANNOUNCES 1.44 TRILLION DOLLAR BUDGET TO PROTECT FISCAL SUSTAINABILITY AND SUPPORT RECONSTRUCTION

Hon. Fayval Williams, MP, CFA, Minister of Finance and the Public Service delivers the 2026 Opening Budget Presentation in the House of Representatives on Tuesday, March 10, 2026.

Hon. Fayval Williams, MP, Minister of Finance and the Public Service delivered the 2026 Opening Budget Presentation in the House of Representatives on Tuesday, March 10. She outlined how the Government of Jamaica plans to spend its 1.44 trillion-dollar budget in the upcoming fiscal year.

The Central Government Expenditure Budget of J\$1.44 trillion comprises:

- Non-Debt Expenditure of approximately J\$1063.2 billion
- Debt Service of approximately J\$378.55 billion

Non-Debt Expenditure, in turn, is comprised of:

- Compensation of Employees J\$555.25 billion;
- Recurrent Programmes J\$428.25 billion; and
- Capital Expenditure J\$79.74 billion.

Of significance, the expenditure for the fiscal year now ending includes \$67 billion in Hurricane Melissa spending, of which \$24.1 billion (US\$150 million) was provided as a loan to the Jamaica Public Service to accelerate the restoration of electricity to communities impacted by the hurricane.

Included in the budget are several allocations for important national development initiatives and programmes aimed at strengthening governance, infrastructure and social development.

The Finance Minister announced plans to advance the Public Procurement (Set-Asides) framework to increase opportunities for Micro and Small Enterprises to participate in government procurement.

KEY ALLOCATIONS HIGHLIGHTED FOR THE UPCOMING FISCAL YEAR:

- **\$18.8 million** for the **Backlog Audit Project**, which is aimed at reducing the number of unaudited Financial Statements prepared by Municipal Corporations, some statutory bodies, Executive Agencies and some internationally funded projects as well as the annual Appropriation Accounts of Ministries and Departments.
- **\$121 million** for the relocation of the Office of the Children's Advocate.

- **\$372 million** for the relocation of the Office of the Independent Commission of Investigations.
- **\$1.86 billion** for implementation for National Identification Systems (NIDS).
- **\$1.5 billion** for Rural Economic Development Initiative II.
- **\$225.5 million** for Integrated Community Development Project II.
- **\$150 million** for strengthening Cybersecurity in Jamaica to include expanding the pool of specialised cybersecurity professionals.
- **\$5.5 billion** for maintenance of secondary roads.
- **\$760 million** for the HOPE housing.
- **\$50.3 billion** for payment of pensions.

Effective April 1, 2026, the PAYE threshold will INCREASE TO J\$1.9 MILLION.

Hon. Fayval Williams, MP, CFA, Minister of Finance and the Public Service returned to the House of Representatives on Tuesday, March 24, 2026, to close the debates.

GOVERNMENT SHARPENS FOCUS ON RESILIENCE AND RISK OVERSIGHT AT AUDIT CONFERENCE

Auditors, public sector workers and government officials engaged with presenters and panellists during the GOJ's Audit Committees' Conference held at the Jamaica Pegasus Hotel on Wednesday, January 21, 2026.

Press Release Dated: Thursday, January 22, 2026

Auditors, public sector workers and government officials were urged to strengthen stakeholder confidence in public services by reinforcing trust, enhancing risk oversight and building institutional resilience at the Government of Jamaica's (GOJ) Audit Committees' Conference, held at the Jamaica Pegasus Hotel on Wednesday, January 21, 2026.

Hosted by the Ministry of Finance and the Public Service (MOFPS) in collaboration with the Office of the Cabinet, the conference facilitated high-level discourse addressing both traditional and emerging risks confronting the public sector, including artificial intelligence (AI), enterprise risk management and resilience in governance.

Hon. Fayval Williams, MP, CFA, Minister of Finance and the Public Service, in her address, underscored the pivotal role

of audit professionals in advancing the goals and outcomes of Vision 2030 Jamaica. She noted that effective auditing enables public entities to identify systemic vulnerabilities and proactively anticipate risk.

“Your role is central to ensuring that public institutions operate with integrity, credibility and consistency, reinforcing the trust that underpins the effective functioning of government. Trust, however, cannot be strengthened through intention alone. It grows when risk oversight is robust and when systems operate with discipline,” emphasised Minister Williams.

The Minister also highlighted the critical contribution of audit committees to Jamaica’s national recovery following Hurricane Melissa.

“You are not simply members of audit committees; you are partners in the national renewal. You are guardians of public trust and essential architects of the Jamaica we are building together. And so, I challenge you, lead boldly and act decisively. Let your work reflect the Jamaica we are determined to restore,” she stated.

Meanwhile, Hon. Bryan Sykes, OJ, CD, Chief Justice of Jamaica, in his keynote address, encouraged auditors to lead with integrity, accountability and transparency.

“An effective audit committee member reads between the lines. They ask *why*? Even when *why* makes the room uncomfortable. They exercise what the law now calls ‘the care, diligence and skill that a reasonable and prudent person would exercise’ – but they do so even when unreasonable pressures are applied,” said Chief Justice Sykes.

Hon. Audrey Sewell, OJ, CD, JP, Cabinet Secretary in the Office of the Cabinet and Darlene Morrison, CD, Financial Secretary at the MOFPS, were among the speakers at the event.

Other featured presenters included Odean White, JP, Chief Risk Officer at the Bank of Jamaica and Founder of Risk Institute of the Caribbean Limited, Detective Superintendent of Police Carl Berry, Authorised Financial Investigator, Keith Khal, Retired Chief Audit Executive and Harris Robinson, Financial Advisor, Guardian Group.

The one-day hybrid conference, originally scheduled for October 2025, was postponed due to the passage of Hurricane Melissa.

GOJ SIGNS LETTER OF INTENT FOR SUBSEA CABLE PROJECT

The Government of Jamaica signed a Letter of Intent with Trans Americas Fiber System for the Subsea Cable Project at Jamaica House on Tuesday, February 3, 2026. The initiative marks an important step toward establishing a new undersea internet connection for Jamaica, designed to deliver faster internet speeds while improving reliability and network resilience across the island. The project is expected to strengthen Jamaica's digital infrastructure and support sustainable economic growth.

FITCH RATINGS AFFIRMS JAMAICA'S RATING AT 'BB-' WITH THE OUTLOOK REMAINING "STABLE"

Press Release Dated: Friday, February 6, 2026.

Fitch Ratings Agency, on February 5, 2026, affirmed the Government of Jamaica's Long-Term Foreign-Currency and Local Currency Issuer Default Rating (IDR) at 'BB-' and maintained the outlook at "Stable".

In explaining the ratings action, Fitch pointed out the government's continued commitment to maintaining macroeconomic stability while managing one of the most severe natural disasters to affect Jamaica in recent history.

Hurricane Melissa, which struck the island on October 28, 2025, caused widespread destruction, particularly across the western region, with estimated damage reaching USD 8.8 billion or 40.0 percent of GDP.

Fitch projects a temporary economic contraction of 1.5 percent in 2025 and 2.6 percent in 2026, as Jamaica advances reconstruction efforts. Despite these challenges, the rating agency highlighted Jamaica's robust financial preparedness, underscored by a multilayered risk-management framework that includes concessional multilateral loan packages exceeding US\$6.0 billion, government insurance and contingency funds totalling nearly US\$250.0 million, additional lines of credit, a catastrophe bond facility of US\$150.0 million, and substantial expected private insurance inflows.

The agency also noted Jamaica's responsible fiscal response, including the temporary suspension of the Fiscal Responsibility Law to accommodate urgent reconstruction costs. Fiscal balances are forecast to swing into deficit in FY2025 and FY2026; however, primary surpluses

are expected to resume in FY2027, aligning with the government's target to reduce debt-to-GDP levels toward 60.0 percent.

Minister of Finance and the Public Service, Fayval Williams, said that she welcomes the rating agency, Fitch Ratings, affirming Jamaica's international credit ratings.

Minister Williams said that Fitch's highlighting of the fact that "Jamaica's government has a strong decade-plus track record of adhering to a solid fiscal framework, which has resulted in a sharp reduction in debt/GDP" speaks volumes for the work of the government, its steadfastness to fiscal discipline and the many sacrifices of the people of Jamaica.

Fitch indicated that it believes the government will remain "committed to its fiscal framework and will actively seek to reduce its debt burden once reconstruction efforts are achieved." Minister Williams confirmed that this is the commitment of the Government of Jamaica.

How many babies do you think Jamaica recorded in 2024?

Harnessing the Shift: Reimagining a Sustainable Future

The social pillar becomes the promise of safety, care, and inclusion. The economic pillar is the promise of opportunity and stability so shocks do not become long economic setbacks. The environmental pillar is the promise of infrastructure that reduces risk and keeps people safe and connected.

GOVERNMENT OF JAMAICA SECURES USD 70 MILLION IDB LOAN TO ADVANCE PUBLIC SECTOR TRANSFORMATION

Hon. Fayval Williams, MP, CFA (left), Minister of Finance and the Public Service and Natacha Marzolf (right), Country Representative, Inter-American Development Bank are all smiles following a visibility ceremony for a new loan contract signed between both entities for continued support to the Public Sector Transformation Programme held at the Ministry on Friday, March 27, 2026.

Press Release Dated: Friday, March 27, 2026

The Ministry of Finance and the Public Service (MOFPS) has signed a new loan contract with the Inter-American Development Bank (IDB) valued at US\$70 million to support the Continued Public Sector Transformation Programme. The MOFPS and IDB representatives participated in a Visibility Ceremony for the loan agreement at the MOFPS on Friday, March 27, 2026.

The loan agreement, signed on February 13, 2026, will finance reforms aimed at improving the efficiency and effectiveness of the public sector over an implementation period of approximately six years.

While building on the achievements of the previous transformation programme, the initiative will enhance core government operations, including human resources, payroll, procurement, finance and accounts. The programme will support continuation of the transition from fragmented manual processes to more integrated technology-driven solutions.

The project comprises four (4) components, including:

- Shared corporate services across government valued at **US\$35,762,692**
- Rationalisation of public bodies and delivery management valued at **US\$10,282,475**

- Strengthening management structures and processes of the civil service valued at **US\$16,718,127**
- Modernisation of human resource management systems valued at **US\$7,236,707**.

The agreement will also introduce digital tools such as a public servant registry, single sign-on platform and enhanced recruitment and performance management systems.

The total programme cost is US\$78.5 million, with the Government of Jamaica contributing US\$8.5 million in counterpart funding.

Speaking at the signing ceremony, Hon. Fayval Williams, MP, CFA, Minister of Finance and the Public Service, welcomed the agreement as a significant milestone in the Government's ongoing public sector transformation efforts.

"The Government of Jamaica values its continued partnership with the IDB in advancing our public sector transformation agenda. This collaboration will support the modernisation of public sector operations, strengthen institutional frameworks and enhance service delivery across key Government entities. Ultimately, we expect all Jamaicans to benefit, particularly through the strategic reallocation of cost savings to priority areas, including ongoing recovery efforts in the aftermath of Hurricane Melissa," said Minister Williams.

Meanwhile, Natacha Marzolf, Country Representative from the Inter-American Development Bank, highlighted that the programme matters because it is about improving lives, which is the IDB's mandate.

"I would like to reiterate that we remain fully committed to Jamaica on this journey. We are privileged to witness the extraordinary public sector transformation underway and are confident that the resources provided under this new operation will bring even greater benefits. We also reaffirm our partnership and shared vision that Jamaica can serve as a regional leader in public sector efficiency, digital transformation and institutional strengthening," said Marzolf.

Also speaking at the ceremony, Maria Thompson Walters, Executive Director of the Transformation Implementation Unit, underscored the project's pivotal role in advancing the Government's public sector transformation agenda, while emphasising that the successful realisation of this transformation extends beyond the remit of the TIU and requires a coordinated, whole-of-government effort.

"Transformation is something that we all must invest in, its success depends on the leadership and commitment of Ministries, Departments and Agencies right across the public sector. Our role is to drive and support the implementation, but the responsibility for the outcomes of public sector transformation is shared by us all," she noted.

The programme will be implemented by the Transformation Implementation Unit under the portfolio of the MOFPS. The primary GOJ beneficiary institutions include the Office of the Cabinet, the Office of the Services Commission and other Ministries, Departments, and Agencies.

This initiative aligns with Jamaica's Vision 2030 National Development Plan and supports the Government's commitment to strengthening governance, enhancing service delivery and driving sustainable national development.

MOFPS AND PARTNERS LAUNCH GOJ BOND TRADING PLATFORM

Hon. Fayval Williams, MP, CFA (2nd left), Minister of Finance and the Public Service, Richard Byles (left), Governor, Bank of Jamaica (BOJ), Livingstone Morrison (2nd right), Group CEO, Jamaica Stock Exchange (JSE) and Senator Ramon Small-Ferguson (right), President, Jamaica Securities Dealers Association share a photo opportunity following the launch of JSE's GOJ Bond Trading Platform at the BOJ Auditorium on Tuesday, March 31, 2026.

The Jamaica Stock Exchange (JSE) alongside Bank of Jamaica (BOJ) and the Ministry of Finance and the Public Service (MOFPS) launched the GOJ Bond Trading Platform at the Bank of Jamaica on Tuesday, March 31, 2026. The

platform is expected to transform how Government of Jamaica bonds are traded introducing real-time pricing, greater transparency and improve liquidity making bond trading more accessible and efficient for investors.

Highlights

THE PEOPLE INSIDE THE MOFPS

Jovell
Barrett

Meet Jovell Barrett, Chief Public Procurement Policy Officer in the Public Expenditure Policy Coordination Division at the Ministry of Finance and the Public Service. Mr. Barrett, who is an Attorney-at-Law by profession, has been employed to the public service for two (2) years.

Here are some things about him:

1. If you could change something about Jamaica what would it be? Why?

I would strengthen the culture of accountability and respect for systems and institutions. Jamaica has relatively excellent laws, policies and talented people but our development often slows when rules are ignored or applied inconsistently. If we consistently uphold standards of transparency, professionalism, accountability and fairness in both the public and private sectors, we could unlock enormous economic potential and build greater public trust in government institutions.

2. What is your favourite way to spend a day off?

I enjoy spending time with family and close friends, especially over good food, conversation and games. I also like using quiet time to reflect and sometimes work on personal projects or ideas. For me, a good day off balances relaxation with a little bit of productivity.

3. If money were no object, what would you do?

I would dedicate more time to initiatives that strengthen governance, education and entrepreneurship in Jamaica. I believe that strong institutions and empowered citizens are the foundation of national development. I would also travel more and invest in projects that create opportunities for young, disadvantaged Jamaicans.

4. What is your favourite thing about your job?

The opportunity to shape policies that improve how public funds are used. Public procurement represents a significant portion of government expenditure and when done properly it ensures the delivery of good quality public services for citizens and support local businesses. I am extremely happy when I see the result of my work in the form of public services being delivered.

5. Top 3 lessons you would teach your younger self:

- a. **Think long term.** Decisions made today should always be guided by the bigger picture of where you want to be in the future.
- b. **Be patient with the process.** Real progress often takes longer than expected, do not watch the pace of the progress of others, persistence pays off.
- c. **Invest in relationships and integrity.** Your reputation and the way you treat people will open more doors than any qualification.

**Jamaica
Customs
Agency**
'Country Above Self'

WHERE IS MY PACKAGE?

If your package is missing, damaged or you have any concerns regarding it, contact your shipping agent.

The Jamaica Customs Agency is mandated to protect Jamaica's border, facilitate trade and collect revenue on behalf on the Government of Jamaica, as such, the Agency only gets involved to inspect your items once they are presented to the Officers, this to ensure the mandates above are carried out.

Branch Spotlight

MOFPS STRATEGIC PLANNING, PERFORMANCE AND PROJECT MANAGEMENT BRANCH

The team is led by

Mrs. Sheena Perriel

Senior Director, Strategic Planning, Performance and Project Management Branch.

Meet the Strategic Planning, Performance and Project Management Branch (SPMB) within the Corporate Planning and Administration Division in the MOFPS.

1. What is the staff complement of the Strategic Planning, Performance and Project Management Branch?

7

2. What are the Branch's core responsibilities and function?

The SPMB is responsible for guiding, coordinating and implementing the strategic planning and performance management processes of the MOFPS and some of its portfolio entities, in keeping with the policy directives set by the Office of the Cabinet and the MOFPS. This includes spearheading the Ministry's strategic and operational planning processes, reporting, monitoring and evaluating performance across the Ministry and its entities and supporting the implementation of key programmes, projects and initiatives.

3. How is the SPMB Driven by Service Excellence?

The SPMB is driven by service excellence through its commitment to providing timely, accurate and strategic support to the Ministry's Divisions and portfolio entities. In so doing, the Branch strengthens accountability, supports informed decision making and helps the Ministry stay focused on delivering results.

FARMERS' MARKET

The MOFPS Farmers' Market happens every last Friday of each month.
