Release Date: Monday, July 17, 2023

### JUNE 2023

The All Jamaica Consumer Price Index (CPI) rose to 129.5, resulting in an inflation rate of 1.0 per cent for June 2023. The main contributing factor to this inflation rate was a 1.3 per cent increase in the index for the heaviest weighted division

**'Food and Non-Alcoholic Beverages'**. This was influenced by the 5.3 per cent increase in the index for the class 'Vegetables, tubers, plantains, cooking bananas and pulses'. This resulted from higher prices for some products namely: carrot, tomato, lettuce, yam and onions. The division **'Restaurants and Accommodation Services'**, increased by 4.2 per cent due to higher prices for meals and drinks consumed away from home. The 44.4 per cent rise in the National Minimum Wage approved by the Jamaican government, resulted in a 6.4 per cent increase in the index for the division **'Furnishings, Household Equipment and Routine Household Maintenance'**. The overall inflation rate for the month, however, was tempered by a 0.8 per cent decline in the index for the **'Housing, Water, Electricity, Gas and Other Fuels'** division due to the reduction in the rates for electricity, water and sewage.

The point-to-point inflation rate as at June 2023 was 6.3 per cent.

#### INFLATION AT A GLANCE

## CPI Point-to-Point, June 2023

The All Jamaica Consumer Price Index increased by 6.3 per cent for the period June 2022 to June 2023. The main contributors to this point-to-point inflation rate were the divisions: **'Food and Non-Alcoholic Beverages'** rising by 10.3 per cent, **'Restaurants and Accommodation Services'** up by 12.8 per cent, and **'Furnishings, Household Equipment and Routine Household Maintenance'** with an increase of 11.4 per cent. However, moderating these increases, was the division **'Transport'** with a 1.6 per cent decline for the period.

The chief contributor to the rise in the index for the division **'Food and Non-Alcoholic Beverages'** was the class **'Vegetables, tubers, plantains, cooking bananas and pulses'**, which increased by 23.4 per cent. This was largely as a result of increases in the index for the sub-classes **'Tuber, Plantains and cooking bananas'** (27.6%) and **'Vegetables'** (21.4%). Higher prices for yam, sweet and Irish potato influenced the rise in the index for the sub-class **'Tubers, Plantains and Cooking Bananas'**, while increased prices for carrot, cabbage, lettuce and tomato impacted the sub-class **'Vegetables'**.

A 12.9 per cent rise in the index for the group **'Food and Beverage Serving Services'** was the primary factor that influenced the increase in the index for the division **'Restaurants and Accommodation Services'**. This was attributed to increased costs for beef patties, and meals consumed away from home, at cook shops and fast-food restaurants, during the period.

Impacting the division **'Furnishings, Household Equipment and Routine Household Maintenance'** was the 14.0 per cent increase in the index for the group **'Goods and Services for Routine Household Maintenance'**. This resulted from a rise in the National Minimum Wage for Jamaica on June 1, 2023.

The overall point-to-point inflation rate was tempered by the fall in the index for the **'Transport'** division, a result of lower cost for fuels, with the index for the class **'Fuel & lubricants for personal transport equipment'** decreasing by 13.0 per cent.

All Jamaica, Point-to-Point Inflation Rate, June 2021 – June 2023

## CPI Division Movements, June 2023

### FOOD AND NON-ALCOHOLIC BEVERAGES

+1.3%

The index for the **'Food and Non-Alcoholic Beverages'** division rose by 1.3 per cent. The index for the 'Food' group increased by 1.3 per cent, while the index for the 'Non-Alcoholic Beverages' group moved upwards by 0.8 per cent. The rise in the 'Food' group was mainly attributed to the class 'Vegetables, tubers, plantains, cooking bananas and pulses', which increased by 5.3 per cent. The supply of most agricultural items continued to be adversely affected by the persistent dry weather conditions and this resulted in higher prices for products such as carrot, lettuce, tomato and yam. However, there were lower prices for some products such as cabbage, sweet pepper and sweet potato. Other classes showing increases were: 'Cereals and cereal products' (0.4%), 'Meat and other parts of slaughtered land animals' (0.3%) and 'Milk, other dairy products and eggs' (0.5%). The class 'Fruits and nuts' was the sole class recording a decline (1.0%), and this was due to lower prices for produce such as melon and pineapple. The upward movement in the 'Non-Alcoholic Beverages' group was influenced mainly by a 0.9 per cent increase in the index of the class 'Water, Soft drinks, and Other non-alcoholic beverages' and a 1.1 per cent rise for the class 'Coffee, Tea and Cocoa'.

The point-to-point inflation rate was 10.3 per cent.

### ALCOHOLIC BEVERAGES, TOBACCO AND NARCOTICS

+0.3%

The index for this division moved up by 0.3 per cent for June 2023. This was primarily a result of a 0.3 per cent increase in the index for the group 'Alcoholic Beverages'. There were increases in the index for the classes 'Beer' (0.3%), 'Spirits and liquors' (0.3%) and 'Wine' (0.4%).

The point-to-point inflation rate was 7.9 per cent.

### CLOTHING AND FOOTWEAR

+0.4%

There was a 0.4 per cent increase in the index of the **'Clothing and Footwear'** division for the review period. The two groups comprising the division, 'Clothing' and 'Footwear' had increases in their index of 0.5 per cent and 0.4 per cent respectively.

The point-to-point inflation rate was 5.8 per cent.

### HOUSING, WATER, ELECTRICITY, GAS AND OTHER FUELS

-0.8%

The index for the **'Housing, Water, Electricity, Gas and Other Fuels'** division fell by 0.8 per cent. This was mainly attributed to lower rates for electricity, water and sewage. There was a 1.7 per cent decline in the index of the group 'Electricity, Gas and Other Fuels', and a 4.1 per cent fall in the group 'Water Supplies and Miscellaneous Services related to the Dwelling'. However, there were increases in the index for the groups 'Actual Rentals for Housing' (0.5%) and 'Imputed Rentals for Housing' (0.6%).

The point-to-point inflation rate was 1.4 per cent.

## FURNISHINGS, HOUSEHOLD EQUIPMENT AND ROUTINE HOUSEHOLD MAINTENANCE

+6.4%

The index for the **'Furnishings, Household Equipment and Routine Household Maintenance'** division rose by 6.4 per cent. This was primarily due to an 8.8 per cent rise in the index for the group **'Goods and Services for Routine Household Maintenance'**, resulting from the 44.4 per cent increase in the National Minimum Wage, which impacted the wages for domestic helpers. All other groups in the division showed increases: **'Furniture, Furnishings and Loose Carpets'** (0.3%), **'Household Textiles'** (0.5%) and **'Tools and Equipment for House and Garden'** (0.5%).

The point-to-point inflation rate was 11.4 per cent.

## HEALTH

+0.4%

The index for the **'Health'** division went up by 0.4 per cent for the review period. This was due mainly to a 0.4 per cent increase in the index for the group **'Medicines and Health Products'**, as a result of higher prices for some over-the-counter painkillers and prescription medicines. The index for the **'Out Patient Care Services'** group increased by 0.3 per cent due to higher fees charged by some general practitioners.

The point-to-point inflation rate was 4.8 per cent.

## RECREATION, SPORT AND CULTURE

+0.3%

The index for the division **'Recreation, Sport and Culture'** increased by 0.3 per cent for June. This was impacted by increases in the index for the groups, **'Garden Products and Pets'** (0.5%) and **'Newspaper, Books and Stationery'** (0.4%). For the former group, the increases were attributed to higher prices for pet food, while rising costs for stationery items impacted the latter group.

The point-to-point inflation rate was 4.9 per cent.

## RESTAURANTS AND ACCOMMODATION SERVICES

+4.2%

The index for the division **'Restaurants and Accommodation Services'** rose by 4.2 per cent for June 2023. This was mainly attributed to the 4.2 per cent increase in the index for the group **'Food and Beverage Serving Services'**, as prices continued to rise for meals and drinks consumed away from home. The index for the group **'Accommodation Services'** increased by 0.7 per cent.

The point-to-point inflation rate was 12.8 per cent.

## PERSONAL CARE, SOCIAL PROTECTION AND MISCELLANEOUS GOODS AND SERVICES

+0.3%

The index for the division **'Personal Care, Social Protection and Miscellaneous Goods and Services'** increased by 0.3 per cent for the period. This was due to higher prices for some personal care items.

The point-to-point inflation rate was 5.9 per cent.
