JANUARY 2022

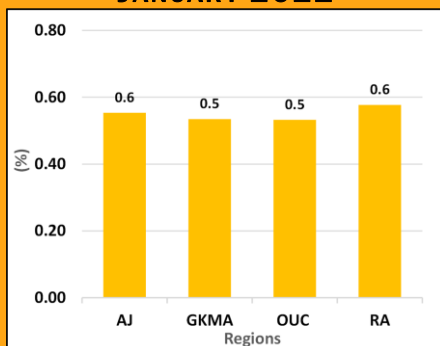

The inflation rate for January 2022 was 0.6 per cent as the All Jamaica Consumer Price Index rose to 117.6. This upward movement was primarily as a result of the 8.4 per cent increase in the index of the 'Restaurants and Accommodation Services' division, which

was due to higher prices for meals consumed away from home. The inflation rate was also impacted by the 0.6 per cent increase in the 'Transport' division, which resulted from increased petrol prices. Most classes in the heaviest weighted division, 'Food and Non-Alcoholic Beverages' recorded increases during the month. 'Cereals and cereal products' increased by 0.9 per cent and 'Meat and other parts of slaughtered land animals' by 1.5 per cent. The index for the class 'Vegetables, tubers, plantains, cooking bananas and pulses', however, fell by 3.5 per cent due to lower prices for some agricultural produce. This lower movement tempered the increases in the other classes resulting in a negligible movement in the division's index. The overall rate of inflation was also tempered by the 1.5 per cent decline in the index for 'Housing, Water, Electricity, Gas and Other Fuels'. This was impacted by lower electricity rates which resulted in the index for the group 'Electricity, Gas and Other Fuels' decreasing by 4.0 per cent.

The point-to-point inflation rate was 9.7 per cent and the fiscal year-to date inflation rate was 9.2 per cent for January 2022.

January 2021 – January 2022

The All Jamaica point-to-point inflation, when comparing the index for January 2022 with January 2021, was 9.7 per cent. This was mainly attributed to the movement in the index of the three most heavily weighted divisions. The index for the division 'Food and Non-Alcoholic Beverages' rose by 9.9 per cent, resulting mainly from increased prices for items within the classes, 'Meat and other parts of slaughtered land animals' and 'Cereals and cereal products' which rose by 15.0 per cent and 13.5 per cent respectively. Over the same period, the index for the division 'Housing, Water, Electricity, Gas and Other Fuels' recorded an upward movement of 10.9 per cent. This was largely the result of the group, 'Electricity, Gas and Other Fuels', which increased by 22.5 per cent. Meanwhile, the index for the division 'Transport', rose by 13.8 per cent. This was impacted by a 12.7 per cent advance in the index for the group 'Passenger transport services' due to the increase in bus, route taxi, and hackney carriage fare in August 2021 and an 18.5 per cent increase in the index for the group 'Operation of Personal Transport Equipment', as a result of higher cost for fuel.
