EDITORIAL

The Ministry of Finance and the Public Service (MOFPS) remains committed to advancing sound socio-economic and financial policies while transforming the public service to better respond to the needs of Jamaicans. As the Government continues to strengthen economic resilience, promote efficiency and invest in its people, the Ministry remains focused on initiatives that support economic growth, improve service delivery and modernise public sector operations.

During the quarter, this commitment was reflected in several key developments across the Ministry's portfolio. These included the launch of GOJEP 2.0, marking a significant advancement in Jamaica's digital procurement landscape, as well as continued efforts to expand procurement opportunities for businesses through the MSME Procurement Readiness Roadshow. Importantly, the Ministry also continued to advance the compensation review, supporting the implementation of revised salary arrangements for public sector employees and reinforcing the Government's commitment to a modern, competitive and sustainable public service.

In this edition of the **MOFPS Insider**, we highlight the appointment of the new Governor of the Bank of Jamaica, the official opening of the relocated Christiana Tax Office and the Ministry's efforts to support institutional excellence, as reflected in the National Health Fund's retention of the prestigious Greta Bogues Award in Corporate Governance.

NEW SALARY RATES FOR PUBLIC SECTOR WORKERS

The Government of Jamaica is moving ahead with revised salary rates for monthly, weekly and daily paid employees, following the signing of the Heads of Agreement between the Government and the Jamaica Confederation of Trade Unions (JCTU).

A key benefit is an **\$80,000** one-off, non-taxable grant to all employees who were in service during the period **April 1, 2025 and March 31, 2026**. The grant is scheduled to be paid in the **October 2026 pay cycle**.

New salary rates with effect from **April 1, 2026 are to be paid in November 2026** or as soon as possible thereafter. This will be followed by retroactive payments for **April 1 to October 31, 2026, in December 2026**, subject to the availability of funds.

Further salary adjustments will take effect on **April 1, 2027**.

The Ministry of Finance and the Public Service is working with Ministries, Departments and Agencies (MDAs) to facilitate the implementation of the revised rates and associated payments. MDAs are required to submit the necessary costings and supporting information within the stipulated timelines to ensure payments can be processed.

NHF RETAINS PRESTIGIOUS GRETA BOGUES AWARD IN CORPORATE GOVERNANCE

Press Release Dated: Thursday, July 9, 2026

The National Health Fund (NHF) has retained Jamaica's highest public sector corporate governance honour, successfully defending the prestigious Greta Bogues Award for Overall Excellence in Corporate Governance at the 2025 Public Bodies' Corporate Governance Awards Reception hosted by the Ministry of Finance and the Public Service (MOFPS) on Monday, June 29, 2026.

The recognition highlights the NHF's continued leadership in accountability, transparency and organisational excellence across Jamaica's public sector.

The awards reception, hosted in partnership with the Private Sector Organisation of Jamaica (PSOJ), celebrated public bodies whose outstanding performance during the 2024/25 financial year demonstrated that strong corporate governance extends beyond regulatory compliance to strengthen accountability, transparency, institutional performance and national development.

The Factories Corporation of Jamaica (FCJ) secured the winner of the Finance Minister's Award for Board Composition, Functions and Structure while also defending the first runner-up title for the Greta Bogues Award for Overall Excellence in Corporate Governance. Petrojam Limited claimed the second runner-up title.

Hon. Fayval Williams, MP, CFA, Minister of Finance and the Public Service, underscored the important role strong corporate governance plays in improving public sector performance and supporting Jamaica's long-term economic development.

"Good corporate governance practices are instrumental in driving efficiency, transparency and accountability while strengthening Jamaica's Institutional framework across our public bodies. By upholding these principles, you are fostering market trust, driving long-term financial stability and mitigating risks, all while contributing to Jamaica's national growth agenda," said Minister Williams.

Everton Anderson (2nd left), Chief Executive Officer at the National Health Fund, proudly showcases the top Greta Bogue Awards for Overall Excellence in Corporate Governance. He is joined by the Hon. Lyttleton Shirley (2nd right), OJ, CD, JP, Chairman of the Factories Corporation of Jamaica (FCJ) and Dr. Donald Farquharson (right), PE, JP, Managing Director, who accepted the first runner-up award on behalf of their organisation. The second runner-up title was awarded to Petrojam Limited and was accepted by Tamara Robinson, Former Acting General Manager of Petrojam Limited. The public bodies were formally recognised during the 2025 Public Bodies' Corporate Governance Awards held at the Ministry of Finance and the Public Service on Monday, June 29, 2026.

Meanwhile, Sacha Vacianna Riley, Executive Director at the PSOJ, reaffirmed the organisation's commitment to recognising excellence in governance across Jamaica's public bodies.

"The PSOJ is honoured to celebrate the outstanding achievements of public bodies and recognise the 2024/25 participants and awardees. These awards were established to strengthen and improve corporate governance practices across public bodies in keeping with required regulations and legislative standards. We commend the commitment of the participating public bodies as they continue to raise the overall standard of governance throughout Jamaica's public sector", she said.

Although the 2025 Public Bodies' Corporate Governance Awards Gala was cancelled following the passage of Hurricane Melissa, the independent evaluation of nominated public bodies had already been completed across nine award categories.

Everton Anderson, Chief Executive Officer at the NHF, welcomed the recognition, noting that it reflects the organisation's sustained commitment to excellence in governance.

"To emerge as the overall winners for 2025, along with recognition for the Best Annual Report and Best Website Awards, is a testimony to the hard work of the team. It is also an incredibly proud moment for the National Health Fund to secure the Greta Bogues Award for a second time. This outcome is the direct result of the fund's active dedication to maintaining quality standards across the board", Anderson said.

In addition to retaining the Greta Bogues Award for Overall Excellence in Corporate Governance, the NHF won the Jamaica Stock Exchange (JSE) Award for Best Annual Report, the JSE Award for Best Website and the Financial Secretary's Award for Risk Measurement and Internal Controls. The agency also secured second runner-up honours for the Finance Minister's Award for Board Composition, Functions and Structure.

FCJ also received the Carlene O'Connor Award for Corporate Governance Policies, Procedures and Practices, placed first runner-up for the JSE Award for Best Annual Report, first runner-up for the PSOJ Award for Most Improved Public Body and second runner-up for the JSE Award for Best Website. The corporation also shared first place with the Development Bank of Jamaica (DBJ) for the Ann-Marie Rhoden Award for Compliance and Disclosure of Information.

The DBJ also captured the PSOJ Award for Most Improved Public Body and was named first runner-up for the Carlene O'Connor Award for Corporate Governance Policies, Procedures and Practices.

Petrojam Limited, a rising champion, received the PSOJ Award for Most Outstanding Chairman.

The petroleum refinery company also copped the first runner-up spot for the JSE Award for Best Website, second runner-up title for the PSOJ Award for Most Improved Public Body and the first runner-up title for the Finance Minister's Award for Board Composition, Functions and Structure.

Other awardees included the National Export-Import Bank of Jamaica, which received second runner-up for the JSE Award for Best Annual Report; the Jamaica Deposit Insurance Corporation, which secured first runner-up for the Financial Secretary's Award for Risk Measurement and Internal Controls; and the Port Authority of Jamaica, which placed second runner-up in the same category.

The Jamaica Mortgage Bank was named first runner-up for the Ann-Marie Rhoden Award for Compliance and Disclosure of Information, while the Tourism Enhancement Fund secured the second runner-up position.

The Public Bodies' Corporate Governance Awards continue to promote accountability, transparency and effective leadership across Jamaica's 157 public bodies, reinforcing the Government's commitment to strengthening institutional performance and advancing sustainable national development through good governance.

DON'T BE A MONEY MULE

A **MONEY MULE** is someone who allows their bank account or business to be used to receive or transfer money obtained from crime.

PROTECT YOURSELF

Never let a friend, relative, or online contact use your account to move money.

Be suspicious of "easy money" or online jobs offering high pay for little work

Never share your banking details with someone you do not trust.

Being a MONEY MULE can lead to fines, imprisonment and a criminal record.

Think you've been targeted? Report it.

GOJ ADVANCES DIGITAL PROCUREMENT WITH LAUNCH OF **GOJEP 2.0**

Hon. Fayval Williams (centre), MP, CFA, Minister of Finance and the Public Service, Hon. Zavia Mayne (3rd left), MP, State Minister within the Ministry of Finance (MOFPPS), Christopher Hare (left), Deputy Auditor General, Auditor General's Department, Alicia Brown-Smallling (2nd left), Senior Inspector, Integrity Commission, Antoinette Hamilton (3rd right), President, Micro, Small and Medium-sized Enterprise Alliance, Jovell Barrett (2nd right), Chief Public Procurement Policy Officer, MOFPPS and Jeanette Calder (right), Executive Director, Jamaica Accountability Meter Portal are all smiles at the launch of the Government of Jamaica Electronic Procurement (GOJEP) 2.0 platform at AC Hotel Kingston on Thursday, July 30, 2026.

Press Release Dated: Thursday, July 31, 2026

Procurement practitioners, suppliers and government stakeholders can now benefit from a more accessible and seamless procurement process through the Government of Jamaica Electronic Procurement (GOJEP) 2.0 platform. The enhanced digital system was officially launched at AC Hotel Kingston on Thursday, July 30, 2026.

The improved platform introduces a range of user-centred enhancements designed to simplify and strengthen the procurement process for both procuring entities and suppliers. Key improvements include a more intuitive supplier interface, enhanced procurement status tracking, improved bid submission functionality, the elimination of Java software requirements, strengthened reporting and oversight capabilities and full alignment with the amended Public Procurement Act and Regulations.

Hon. Fayval Williams, MP, CFA, Minister of Finance and the Public Service, while delivering remarks at the launch, said GOJEP 2.0 marks the beginning of an even more ambitious transformation of public procurement in Jamaica.

“GOJEP 2.0 is not the finish line; it is the catalyst for the next era of public procurement in Jamaica. Over the next few years, we will build a fully integrated end-to-end digital procurement system, one that connects planning, tendering, evaluation, contract management, supplier performance and payment”, she said.

Minister Williams further expressed, “Imagine in a year or two being able to open GOJEP and see the goods, works and services that government intends to buy in the coming years. A business could then prepare, assess its capacity, build partnerships, secure certification, arrange financing and position itself to compete”.

The enhanced platform builds on the success of the existing platform, which has served as the Government's electronic procurement system since its implementation in 2016. Over the past decade, GOJEP has improved transparency, accountability, competition and efficiency by enabling the electronic management of public procurement processes across the public sector.

Meanwhile, David Cover of SynerPath Limited demonstrated from the perspective of a supplier that GOJEP 2.0 will continue to widen procuring entity and supplier participation in the procurement process.

"Transformation is most successful when technology is supported by clear processes and when the people who use it are included in its continued improvement. The launch of GOJEP 2.0 demonstrates a commitment to modernisation by the GOJ and a stronger collaboration with the supplier community", stated Cover.

The launch brought together government officials, procurement practitioners, suppliers, development partners and other stakeholders to witness demonstrations of the platform's enhanced capabilities and learn how the improvements will simplify the procurement process for users.

GOJEP 2.0 is expected to strengthen supplier confidence, encourage greater participation by micro, small and medium-sized enterprises, improve procurement oversight and reporting and promote wider adoption of electronic procurement throughout the public sector. The enhancements will also support greater transparency and accountability while making it easier for businesses to compete for government contracts.

Statistical Institute
of Jamaica

Now Collecting Data For The **2026 JSLC** JAMAICA SURVEY OF LIVING CONDITIONS

WHAT IS THE JSLC?

The Jamaica Survey of Living Conditions (JSLC) is conducted annually as a joint initiative between the Statistical Institute of Jamaica (STATIN) and the Planning Institute of Jamaica (PIOJ). It is a source of information on the measurement of living standards of Jamaicans. Each survey provides a snapshot that facilitates the monitoring of important social and economic indicators and provides data that informs the creation of national policies and programmes.

What should I do if my household is selected?

If your household is selected, we encourage you to participate fully and honestly. Trained STATIN interviewers will visit your home and guide you through the process.

A NEW CHAPTER FOR *CHRISTIANA:*

MINISTER OPENS **RELOCATED TAX OFFICE**

The Minister of Finance and the Public Service, Hon. Fayval Williams, MP, CFA officially opened the Tax Administration Jamaica Christiana Tax Office in Struan Castle, Christiana, Manchester, on Friday, August 14, 2026.

The relocated office brings improved convenience and modern services to Christiana, including **on-site driver's licence processing and printing**, a **self-service tax filing kiosk**, spacious waiting areas, convenient parking, modern banking and cashier facilities, and a queue management system to reduce waiting times.

The next step will be the introduction of an **appointment system**, allowing customers to choose when they visit and receive reminders, making accessing government services easier, faster and more convenient.

**Jamaica
Customs
Agency**
'Country Above Self'

MEET OUR NEW

CEO AND COMMISSIONER OF CUSTOMS **KIRK BENJAMIN**

The Jamaica Customs Agency (JCA) is proud to welcome **Mr. Kirk Benjamin** as the **Chief Executive Officer** and **Commissioner of Customs** with effect from September 1, 2026.

With over 25 years of experience in Customs modernisation, revenue enhancement and international trade policy, Mr. Benjamin comes into the role as a distinguished Customs and Tax expert.

The JCA looks forward to further advancement in trade facilitation, revenue collection and border protection under his leadership.

DR. BRIAN LANGRIN

APPOINTED GOVERNOR OF THE BANK OF JAMAICA SUCCEEDING OUTGOING GOVERNOR RICHARD BYLES

Press Release Dated: Monday, August 17, 2026

The Minister of Finance and the Public Service is pleased to announce the appointment of Dr. R. Brian Langrin as Governor of the Bank of Jamaica, effective Wednesday, August 19, 2026. Dr. Langrin will succeed Mr. Richard Byles, whose term concludes on Tuesday, August 18, 2026. The appointment is made by the Governor-General in Council.

The appointment follows a selection process led by a Search Committee established in April 2026, which assessed a strong field of local and international candidates.

Dr. Langrin brings more than two decades of leadership across central banking, financial stability and multilateral development institutions, with a reputation for strengthening institutions, modernising financial systems and advancing data-driven policy. At the Bank of Jamaica he has held senior leadership roles in financial stability and economic research and he has served as a Financial Stability Adviser at the Caribbean Regional Technical Assistance Centre (CARTAC), the IMF-administered regional body, advising central banks across the region.

He holds a PhD in Economics from Pennsylvania State University, Pennsylvania, USA and has published extensively on financial stability and monetary policy. Dr. Langrin is married and the proud father of three children.

Minister of Finance and the Public Service, the Honourable Fayval Williams, welcomed the appointment, stating: “Dr. Brian Langrin is a forward-looking leader whose experience spans Jamaica, the Caribbean and the wider international development community. His deep understanding of monetary policy, financial stability, innovation, regional partnerships and international cooperation will serve Jamaica well as we navigate a rapidly changing global economy. The Government reaffirms its full commitment to the independence of the Bank of Jamaica and to the continuity of the sound monetary and financial policies that have anchored our economic stability.”

Dr. Langrin expressed his commitment to the role, stating: “It is an honour to serve Jamaica at this pivotal moment. I look forward to working with the BOJ team, the financial sector and our regional and international partners to strengthen monetary and financial stability, deepen resilience and support Jamaica’s long-term development. I am committed to preserving the Bank’s hard-won credibility and independence, to keeping inflation low and stable, and to advancing the modernisation of our financial system for the benefit of every Jamaican.”

Tribute to Outgoing Governor Richard Byles

Dr. Langrin succeeds Mr. Richard Byles, who has served as Governor of the Bank of Jamaica since August 2019. Over seven years, Mr. Byles steered monetary policy through some of the most testing conditions in a generation, these include the economic shock of the COVID-19 pandemic and the global surge in inflation that followed, Hurricane Beryl (2024), the devastating category 5 Hurricane Melissa (2025), the Middle East war and the resulting oil shock (2026).

Under his stewardship, the Bank entrenched its formal inflation-targeting framework, returned inflation toward its target range, and preserved the stability of the financial system throughout. His tenure also saw the Bank assume its full statutory independence under the Bank of Jamaica (Amendment) Act, 2020, and pioneer JAM-DEX, making Jamaica one of the first countries in the world to issue a central bank digital currency.

“On behalf of the Government and people of Jamaica, I thank Mr. Byles for his distinguished and consequential service,” said Minister Williams. “He guided the nation’s monetary policy with a steady hand through extraordinary times and leaves the Bank stronger and more independent than he found it. He leaves a legacy of stability on which Dr. Langrin will build.”

GOJ RECEIVES US\$5 MILLION EU GRANT TO SUPPORT NATIONAL RECONSTRUCTION PROJECT

The Government of Jamaica signed the Jamaica Hurricane Melissa Reconstruction Implementation Support Project with the European Union at AC Hotel Kingston on Tuesday, September 22, 2026. The US\$5 million project, funded by the European Union will be implemented by the National Reconstruction and Resilience Authority to support Jamaica's post-Hurricane Melissa reconstruction and resilience efforts.

THE PEOPLE INSIDE THE MOFPS

Meet Diego Thomas

Acting Principal Director in the Public Bodies, Governance, Coordination and Analysis Branch within the Public Enterprise Division at the Ministry of Finance and the Public Service.

Mr. Thomas has been employed in the public service for over **11 years**. Here are some things about him.

1. IF YOU COULD CHANGE SOMETHING ABOUT JAMAICA WHAT WOULD IT BE? WHY?

I believe that Jamaica is the most beautiful island on this side of the world and might I say the most naturally untapped island globally. If I could change something about this wonderful place, it would be to change the work week from 5 days to 4 days, Monday to Thursday. It is quite disappointing to live in such a beautiful place where you are not afforded the time needed to enjoy it. This change will allow everyone to spend a lot more time on our pristine beaches and rivers, allowing for a much healthier and happier society.

2. WHAT IS YOUR FAVOURITE WAY TO SPEND A DAY OFF?

My favourite way to spend my days off is in water, whether it's in a river, on the beach or even in a swimming pool. I grew up watching movies of tourists coming here walking around in Bermuda Shorts and Floral Shirts and I ensure when I am out of the office, that is my reality.

3. IF MONEY WERE NO OBJECT WHAT WOULD YOU DO?

I would buy a yacht so I can get the opportunity to explore fishing in the deep blue sea. I love fishing; however I have never had the luck of actually catching a fish. I have gone fishing in a fish pond, river and on the shore but over the years, my luck of getting a bite has never materialised.

4. WHAT IS YOUR FAVOURITE THING ABOUT YOUR JOB?

My favourite thing about my job is to observe how my contribution at the Ministry is able to filter into national outcomes.

5. TOP 3 LESSONS YOU WOULD TEACH YOUR YOUNGER SELF:

There is absolutely nothing I would have imparted on my younger self. Without the life lessons, struggles and successes that I experienced over the decades, it is quite unlikely that I would be the person I am today. For every time I felt disappointed, or felt left behind, for every time there was something I missed out on, there was a key lesson I learnt. If I had spent more time reading, I would have gone a different path and would not be where I am today. If I had spent more time doing sports, I would have gone a different path and would not be where I am today. So, I would not give my younger self any easy way out.

Her Excellency Alicia Herbert, British High Commissioner to Jamaica and her delegation paid a courtesy call to Hon. Fayval Williams, MP, CFA, Minister of Finance and the Public Service on Wednesday, July 15, 2026.

BRANCH SPOTLIGHT

MOFPPS OFFICE OF PUBLIC PROCUREMENT POLICY

Meet the Office of Public Procurement Policy (OPPP) within the Ministry of Finance and the Public Service. The team is led by Mr. Jovell Barrett, Chief Public Procurement Policy Officer, Office of Public Procurement Policy.

1. WHAT IS THE STAFF COMPLEMENT OF THE OFFICE OF PUBLIC PROCUREMENT POLICY?

14

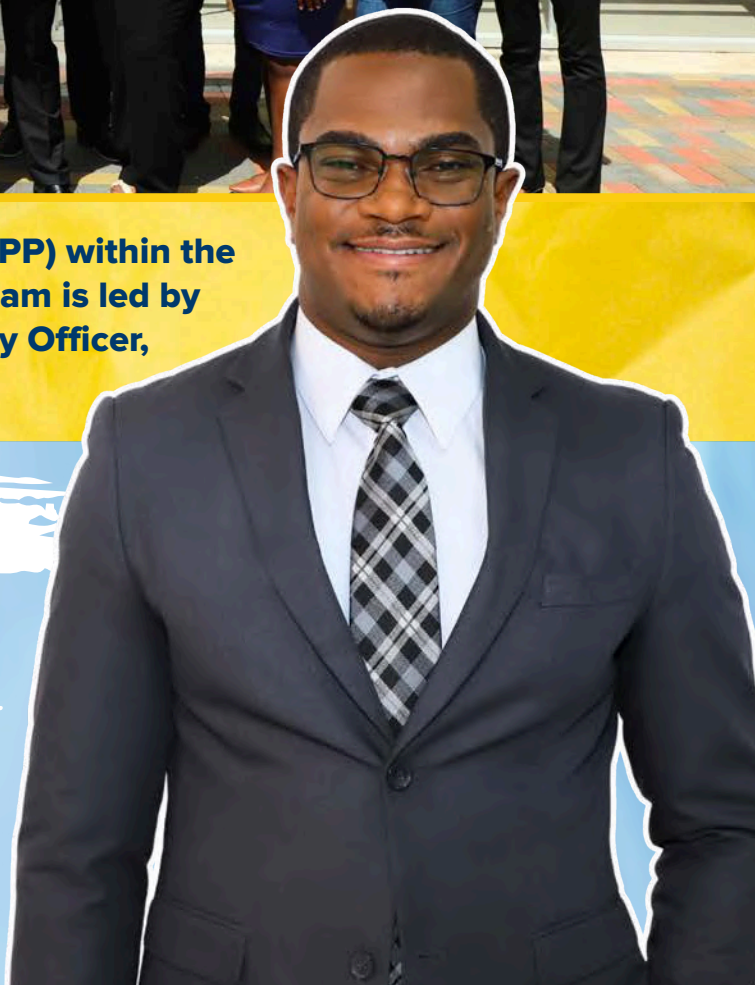

2. WHAT ARE THE BRANCH'S CORE RESPONSIBILITIES AND FUNCTION?

Under section 7 of the Public Procurement Act, the OPPP is responsible for developing public procurement policy and providing implementation guidance, training and advice to persons who participate in public procurement. Its role is system-wide: it helps to ensure that public procurement is conducted consistently, efficiently, transparently and in accordance with the Act and Regulations.

3. HOW IS THE OPPP DRIVEN BY SERVICE EXCELLENCE?

Service excellence at the OPPP means giving stakeholders clear, practical and timely support while protecting the integrity of the public procurement system. Queries received from public bodies, suppliers and members of the public are logged and tracked. The office has a service level agreement which demands a response within 10 business days. Where an issue requires further research or consultation, the stakeholder is kept informed and the matter is actively managed toward resolution.

The OPPP also promotes consistency by translating the Act and Regulations into accessible guidance, standard documents, training and hands-on technical advice.

MOFPS *HOSTS* SUMMER GAMES

The Ministry of Finance and the Public Service's summer games brought together staff for exciting games in July.

EMANCIPENDENCE JAM

The MOFPS celebrated Jamaica 64 in style with Emancipendence Jam on Friday, July 31, 2026. Staff celebrated Jamaica's Emancipation and Independence while enjoying sweet treats and prizes all in honour of Jamaica's rich heritage.

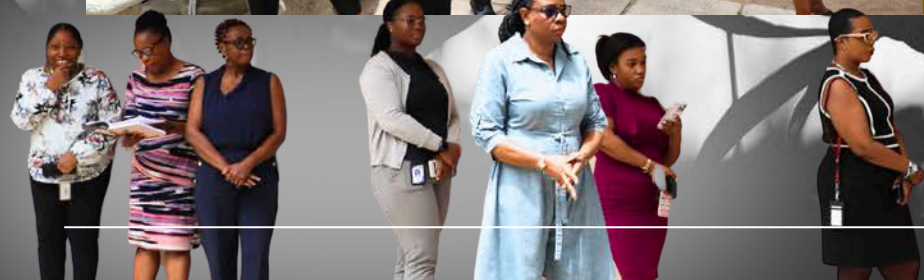

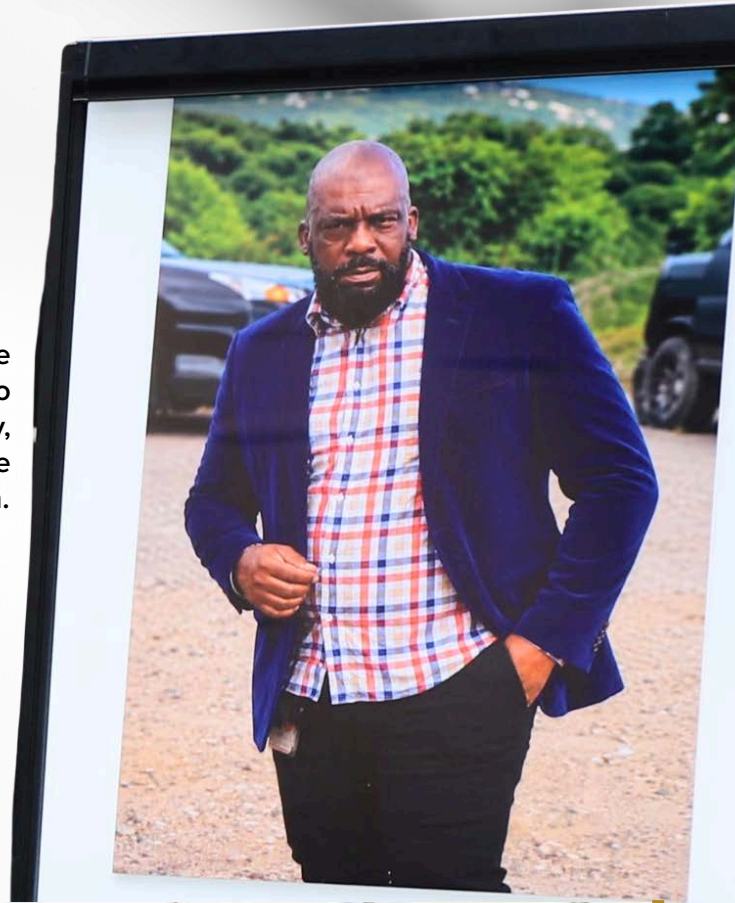

A highlight of the event was the Summer Games 2026 Awards Ceremony, where the winning house was announced and participants were recognised for their outstanding performances throughout the competition.
