

Jamaica Public Bodies

Estimates of Revenue and Expenditure for the Year Ending March 2021

> As approved by the House of Representatives March 2020

Ministry of Finance and the Public Service

INTRODUCTION

Overview

Public Bodies¹ (PB) in Jamaica have been established to develop strategic sectors in Jamaica. The number of active entities is approximately 149 and these perform regulatory, advisory, supervisory, research, technical, administrative or quasi-judicial functions of governmental nature. a Approximately 36 deliver public policy objectives while engaging in commercial activities, all of which are a subset of the selffinancing public bodies.

The summarized corporate plans (including budgets) of fifty-four (54) of the Self-Financed Public Bodies (SFPBs) are contained herein.

Contribution by Public Bodies

The group of 54 SFPBs has projected total gross assets of \$1,194.70B (2019/20: \$1,135.78B and total employment level is expected to be 13,947 (2019/20; 13,469). Utilising these resources, the group has forecast revenues of $$404.4B^2$. The group will transfer \$20.17B in financial distributions and programme support, as well as remit Special Consumption, Corporate taxes of \$43.26B. Transfers (assistance) from the GoJ to certain PBs should total \$15.61B.

In their continued effort to facilitate the development agenda of the GoJ, while enhancing their own operations, the PBs have forecast capital expenditure of \$75.09B (2019/20; \$63.14B).

The National Housing Trust (\$42.90.3B) and the National Water Commission (\$11.46B), account for 76% of the planned expenditure. The Airports Authority of Jamaica (AAJ) (\$3.71B), Port Authority of Jamaica (\$2.71B) and Petrojam (\$2.55B) account for 43% of the remaining capital expenditure.

National Housing Trust (NHT)

NHT plans to complete 20,000 housing solutions (houses and residential lots) between April 1, 2020 and March 31, 2023. Toward this objective, the Trust projects spend of \$41.13B (2019/20; \$41.29B) on housing activities for 2020/21. This represents approximately 96% of planned capital expenditure and should facilitate the completion of approximately 6,000 housing solutions, as well as 9,347 new mortgages.

National Water Commission (NWC)

The NWC continues to pursue the required water and sewage infrastructure rehabilitation. The infrastructure rehabilitation will improve delivery of service to the NWC's customers while also seeking to reduce the level of nonrevenue water. Planned capital expenditure of \$11.46B includes financing for the replacement of the Spanish Town Road mains (\$4.77B), rehabilitation works under the Kfactor Programme (\$2.87B), and works in respect of the Port Royal distribution and sewerage system (\$1.00B).

Airports Authority of Jamaica (AAJ)

As part of its plans to develop local aviation, the AAJ has projected capital expenditure of \$3.71B (2019/20: \$1.46B). Approximately \$0.95B of the capital spend is allocated for the shoreline protection project, while \$0.75B is allocated for the development of the Vernamfield and Negril Aerodromes, as well as the Ian Flemming International Airport.

Port Authority of Jamaica (PAJ)

The PAJ will continue to pursue projects aimed at facilitating economic growth and

¹ Defined in the Public Bodies Management and Accountability Act as Statutory Bodies, Authorities or Government Companies, but do not include Executive Agencies.

² Net of SCT Transfers from Petrojam Ltd \$42.50B

development, as well as enhanced security at the ports. PAJ will continue works under Phase 1 of the Port Royal development and has allocated \$0.27B for these activities. The procurement of a Jamaica II vessel used in effecting offshore repairs (US\$6m), as well as the continued upgrade of the Montego Bay Freeport Terminal will also be pursued.

Petrojam Limited (Petrojam)

Petrojam will continue to undertake major maintenance at the refinery toward improving operating efficiencies. In this regard, Petrojam plans to replace/upgrade/renovate the storage tanks, pumps, pipelines, towers, boilers and other areas of the facility. These activities are projected to cost \$2.24B and accounts for 88% of total capital spend.

Rationalisation of Public Bodies

The rationalisation of public bodies is an ongoing activity under GOJ's transformation programme. However, in June 2018, the Cabinet approved an Accelerated Rationalisation Programme (ARP) which involves the rationalisation of 48 public bodies. Activities completed between April 1, 2019 and January 31, 2020 include the privatisation of Wigton Windfarm Limited (WWL) by way of listing on the Jamaica Stock Exchange (JSE) in May 2019.

Work is ongoing to effect the completion of other rationalisation efforts in 2019/20. These include integration of the operations of the Petroleum Corporation of Jamaica into the Ministry of Science, Energy and Technology.

Actions to be pursued in 2020/21 include the listing of shares in relation to the operations of the Jamaica Mortgage Bank.

Public Private Partnerships (PPPs)

PPPs are important mechanisms to undertake infrastructure upgrade and development, while

facilitating shared risks. Nonetheless, PPPs may present fiscal risks to Government if not appropriately structured. The enhanced fiscal rules which were adopted through amendments to the FAA and PBMA Acts in March 2014, have put in place the institutional changes required to ensure fiscal development responsibility in the and implementation of PPP projects.

Jamaica's PPP Programme was ranked 4th place in the 2019 INFRASCOPE Index in the Latin America and the Caribbean. The ranking was announced by the Economist Intelligence Unit and the Inter-American Development Bank when they revealed the results of the 2019 INFRASCOPE. In 2019 the INFRASCOPE survey ranked 21 (2017:19) countries in Latin America and the Caribbean based on their capacity to mobilise private investment in infrastructure through PPPs.

PPPs Finalised in 2019/20

The Norman Manley International Airport (NMIA) PPP transaction achieved financial close during the third quarter of the 2019/20 financial year and the operations of the Airport were handed over to PAC Kingston Airports Limited (a wholly-owned subsidiary of Grupo Aeroportuario del Pacifico S.A.B De C.V) in October 2019. PAC Kingston Airports Limited will finance and complete the planned modernization and expansion at NMIA at an estimated capital cost of US\$110 million under a 25 year concession agreement.

PPPs In progress

The following PPP transactions are currently in progress:

a. Rio Cobre Water Treatment Plant

The National Water Commission (NWC) is pursuing the development of a 25 year Water Purchase Agreement (WPA) for the financing, construction, operation and maintenance of a 15 million gallons per day (mgd) Water Treatment Plant (WTP) in Content, St. Catherine. The finalisation of the WPA and the requisite approvals will be sought by the NWC.

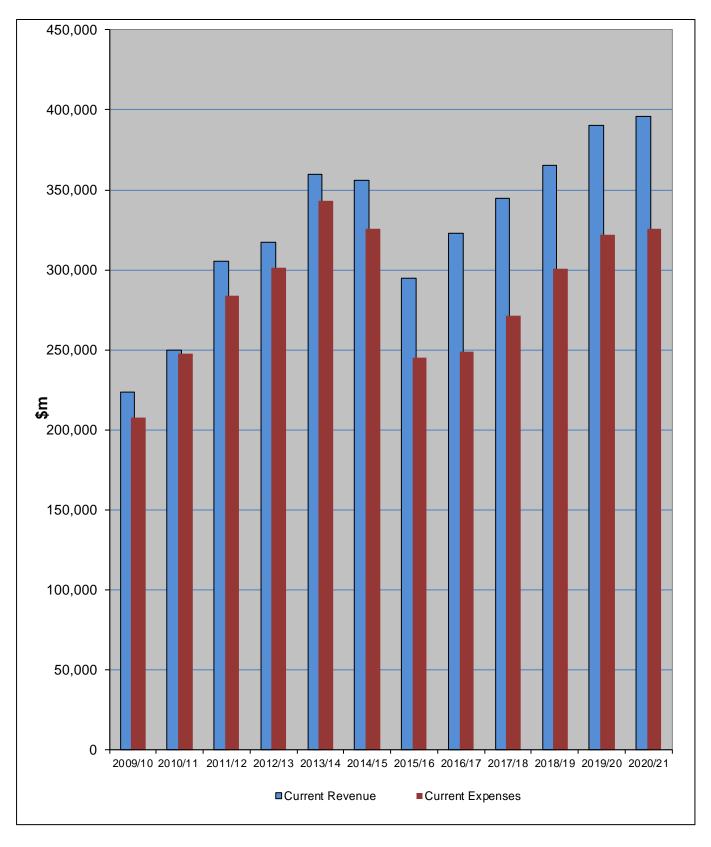

b. Schools Energy Efficiency and Solar Project

A preferred bidder has been identified for the Schools Solar Project. The private investor is to undertake the financing, installation and maintenance of photovoltaic generation systems and energy efficiency retrofits in 30 select secondary schools as part of a pilot project. It is expected that negotiations will be concluded during the 2019/20 financial year to facilitate commencement of the project during FY 2020/21.

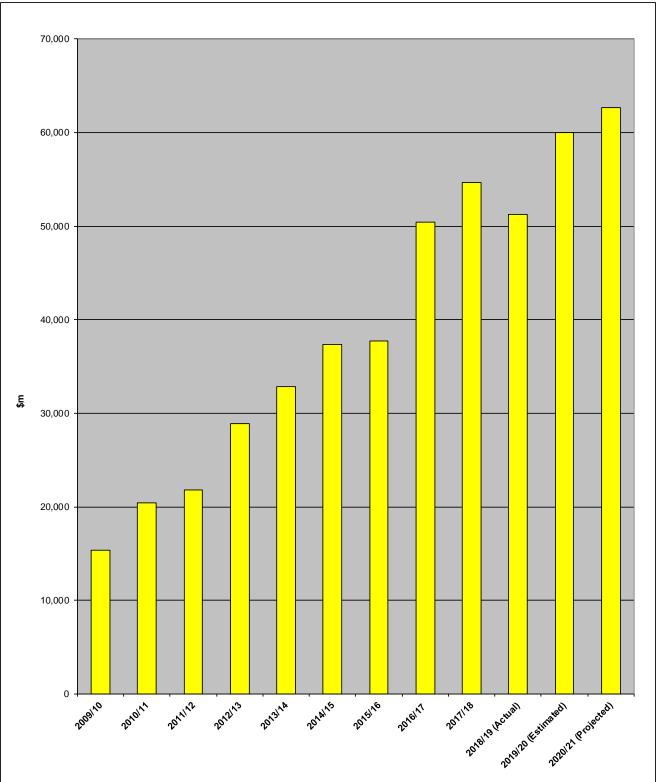

c. Jamaica Ship Registry

The Maritime Authority of Jamaica (MAJ) is to develop the Jamaica Ship Registry (JSR) and its related activities. Cabinet gave approval for the MAJ to proceed to the transaction phase for the management, operation and promotion of the JSR by way of a restricted bidding tender methodology. The transaction phase is expected to commence by the second quarter of the 2020/21 financial year.

Human Employment and Resource Training Trust

Introduction

The Human Employment and Resource Training Trust (HEART Trust) is a statutory body, incorporated in Jamaica under the Human Employment and Resource Training Act 1982 (HEART Act). In 1991 it was renamed the Human Employment and Resource Training Trust/National Training Agency (HEART Trust/NTA) reflecting additional responsibilities for national training. The Trust's mandate is to provide a skilled and certified workforce at international standard for the labour market. The core function of the Trust is to regulate and establish standards for technical and vocational education to facilitate training and certification of persons for employment.

The HEART Act provides for the establishment of a special fund referred to as the HEART Fund. This requires employers to contribute 3% of their gross payroll to the Trust, less permitted payments to the Trust's registered learners. These inflows are utilised to finance approximately 90% of the entity's activities.

Consequent on the passing of the Bill for the amendment of the Human Employment and Resource Training Act, the Trust will be renamed the HEART/National Service and Training Agency Trust (HEART/NSTA Trust). The legal aspect of the merger between HEART, Jamaican Foundation for Lifelong Learning (JFLL), the National Youth Service (NYS) and the Apprenticeship Board will facilitate HEART's continued contribution to the Human Capital Development needs of the nation.

Operational and Financial Review

Towards the fulfilment of its mandate, the Trust presently offers approximately 160 training programmes. Based on market research, the HEART Trust intends to focus on training in emerging skill areas such as robotics, network engineering, cyber security, cloud computing, digital animation, beaded jewellery, footwear production, landscaping, event coordination, and irrigation techniques, among others. All core programmes will be retained and emphasis on youth development will continue. HEART projects enrolment of 152,735 trainees in these programmes while it is expected that 87,144 trainees will be certified. The Trust will seek to place 32,252 of its certified trainees in available jobs during the year.

HEART will also continue to contribute funding for programmes administered by the Ministry of Education, Youth and Information. This allocation will support the senior schools' programme known as the Career Advancement Programme (CAP), technical vocational education and training (TVET) integration in schools, as well as other science, technology, engineering and mathematics (STEM) initiatives.

To improve the access, efficiency and effectiveness of service delivery, the Trust will seek to form strategic partnerships, amplify diversity of training modalities to include training through satellite locations, online, as well as night and early morning classes. Certain partnership agreements (inclusive of those with the Indian Government and Kohler) are expected to result in retooling of training laboratories and support research and innovation in emerging areas.

The HEART Trust has projected net surplus after tax of \$258.26 million (2019/20: \$284.61 million).

A staff complement of 1,822 is expected to be retained.

National Housing Trust

Introduction

The National Housing Trust (NHT) was established in Jamaica in 1976 and became a body corporate in 1979 under the National Housing Trust Act. The vision of the Trust is "to be a role model among the world's leading housing finance institutions, delivering affordable housing solutions in a service culture, with professional staff serving customers with integrity and excellence". The NHT is mandated to contribute to increasing and enhancing the stock of available housing in Jamaica; this is achieved primarily through the provision of mortgages to contributors who are building or purchasing housing solutions from the NHT or on the open market.

Operational and Financial Overview

In its continued effort to achieve its mandate the NHT will continue to pursue the construction of 23,200 new housing solutions and delivery of a total of 20,000 solutions, comprising a mix of residential lots and houses, by March 31, 2023. To this end, the NHT has projected total housing expenditure of \$41,129.41 million (\$41,285.47 million – 2019/20) to:

- 1) Finance the completion of approximately 6,000 housing units, to include the Villages of Colebeck Castle, Perth, Ruthven Road and Industry Cove developments;
- 2) Facilitate 9,347 new loans for scheme units, joint finance mortgages and open market purchases.
- 3) Continue the Guaranteed Purchase Programme with an aim to deliver new housing solutions from private developers.

The delivery of housing solutions to individuals in the lowest income bands remains an objective of the Trust. To achieve this objective, NHT will seek to improve the efficiency with which construction projects are delivered, continue to partner with local donor agencies with respect to low income housing infrastructure, and establish a community based construction programme for its projects.

NHT will continue to provide special subsidies and grants for various programmes. The subsidies and grants include provision for community renewal projects and mortgage subsidies aimed at increasing the access to benefits by contributors in the lower income bands. The NHT will also continue to manage the operations of the Emancipation Park.

NHT's total staff complement will remain at 1,341 consisting of 1,088 permanent and 253 temporary.

#### **Development Bank of Jamaica Limited**

#### Introduction

The Development Bank of Jamaica Limited (DBJ) was established in April 2000, when the operations and certain assets and liabilities of the National Development Bank of Jamaica Limited (NDB) were merged with those of the Agricultural Credit Bank of Jamaica Limited (ACB). Thereafter, the name of ACB was changed to DBJ. In September 2006, DBJ assumed the operations and certain assets and liabilities of the National Investment Bank of Jamaica Limited (NIBJ).

DBJ provides financing, privatisation services and technical support solutions to businesses and the Government of Jamaica (GOJ) as it seeks to fulfil its mandate to facilitate and promote economic growth and development. Appropriate financing solutions are channelled to large projects, as well as, micro, small and medium enterprises (MSME) through Approved Financial Institutions (AFI) and other financial intermediaries such as the Micro Finance Institutions (MFI).

#### **Operational and Financial Overview**

The Bank remains committed to developing strategies that foster growth by emphasizing its three (3) pillars over the next four (4) years; developing an entrepreneurial ecosystem, correcting market failures in the financial sector, divestment of GOJ's assets, as well as facilitating Public-Private Partnerships (PPP). Specifically, during 2020/21 DBJ will seek to:-

- Provide financial and non-financial products to MSMEs to improve their financial capacity and business acumen. This will be achieved via loans, technical assistance, grants and collateral support to the financial sector by the Bank.
- Promote sustainable and robust growth among start-ups and MSMEs under the Boosting Innovation in Growth & Entrepreneurship Ecosystems (BIGEE) project. The project will be launched during the 2020/21 financial year and is to be implemented over a five (5) year period. This will be facilitated through (i) stimulating innovation and productivity among established MSMEs with high growth potential; (ii) promoting sustainable and disruptive growth in scalable start-ups; and (iii) creating a sustainable pipeline of high-growth potential start-ups and supporting ecosystem for entrepreneurship.
- Pursue the divestment of GOJ non-core assets and improve the utilization of current state assets to reduce the Government's expenditure through PPPs. Accordingly, privatisation activities will continue in respect of Jamaica Mortgage Bank, Nutrition Products Limited and the Government's shareholdings in Jamaica Public Service Company Limited. These activities will contribute to the GOJ's policy objective to improve broad based ownership of former GOJ assets while benefitting from private sector investment.
- Disburse J\$7,393.27 million (2019/20 \$4,077.96 million) inclusive of US\$15.36 million (2019/20–US\$7.50 million) and J\$5,318.46 million (2019/20 \$3,102.96 million) in loans during the year.

DBJ forecasts a net surplus of \$585.65 million (2019/20: \$529.75 million).

The Company projects a staff complement of 138 (2019/20:132)

### Housing Agency of Jamaica Limited

#### Introduction

The Housing Agency of Jamaica Limited (HAJ) was incorporated on a change of name from the National Housing Development Corporation Limited (NHDC) in September 2008. The NHDC was formed through the merger of the Caribbean Housing Finance Corporation Limited, the National Housing Corporation Limited and Operation Pride. The objective of the change of name was to rebrand and reposition the organization in the housing industry. The Agency is projecting itself as the premier housing development company that best understands and satisfies demand for shelter, primarily in the low and middle income segment of the market.

#### **Operational and Financial Review**

The HAJ notes that stable housing is a critical element upon which people's lives are built. Stable housing contributes to crime reduction, and facilitates successful outcomes for persons economically, socially, emotionally and academically.

On the aforementioned bases, the HAJ will continue to pursue its mandate to provide affordable housing solutions to the low and middle income earners, as well as to regularise the tenure on land through titling services. Therefore, the Agency will continue to focus on:

- engaging and lobbying key agencies to accelerate the distribution of titles in an effort to regularise informal settlements;
- utilising loans, grants and value-added service opportunities, to facilitate increased delivery of housing solutions; and
- completing three (3) Joint Venture Projects to deliver housing solutions in Rhyne Park -St. James; Shooters Hill and Catherine Estates (Bernard Lodge), St. St. Catherine;

The Agency intends to complete ongoing projects in 2020/21, along with new initiatives. Therefore, construction-starts are targeted at 1,833 (2019/20: 3,512); while planned deliveries are expected to increase to 1,585 (2019/20: 120). The solutions will include service lots, housing starts and completed houses.

HAJ projects a net profit of \$31.21 million (2019/20 estimates: \$296.36 million).

The Agency projects a staff complement of 84 (2019/20: 92).

# Jamaica Mortgage Bank

#### Introduction

The Jamaica Mortgage Bank (JMB) was established on June 2, 1971, as a private limited company under the Companies Act of 1965. The Bank was subsequently converted to a Statutory Corporation on June 5, 1973, under Act of Parliament No. 16 of 1973. In pursuit of its mission to promote environmentally acceptable residential housing solutions and economic growth in Jamaica, the Bank mobilizes loan funds for on-lending to public and private sector housing developers and to other lending institutions. JMB also provides mortgage insurance services on behalf of the Government of Jamaica.

#### **Operational and Financial Overview**

Plans to facilitate the divestment of the JMB will continue during the budget year. Notwithstanding these plans, JMB will, through the mobilization of financial resources, continue to contribute to the overall growth in the supply of housing solutions. Accordingly, securing low cost funding for onlending in the Primary Mortgage Market to increase the Bank's support in fulfilling the Country's housing demand will remain of primary focus during the budget year. The Bank will also continue to drive growth of Mortgage Indemnity Insurance by increasing the number of approved mortgage granting institutions. In order to enhance the overall effectiveness in the fulfilment of its mandate, the Bank will also seek to:

- Reduce its bad debt portfolio by closely monitoring performance of new loans and continue to pursue the implementation of immediate strategies to dispose of and recover bad debts.
- Drive growth of Mortgage Indemnity Insurance by adding at least one (1) new mortgage granting institution to the number of approved lenders. The Bank expects that it will issue 120 new Mortgage Indemnity Insurance undertakings at a value of \$144 million per annum.
- Increase income from non-traditional sources such as technical and project management services

The Bank projects a surplus before tax of \$104.94 million (2019/20 estimated: \$207.23 million).

JMB will maintain its staff complement of twenty four (24) during the year.

#### National Road Operating and Constructing Company

#### Introduction

The National Road Operating and Constructing Company Limited (NROCC) was incorporated on February 2, 1995 as a private limited liability company and commenced operations in February 2002. In October 2011 NROCC's Articles of Incorporation was amended to allow for the conversion from a private to a public Company.

NROCC's core functions include overseeing the design, construction and maintenance of the highways and related facilities. Additionally, NROCC seeks to ensure environmental preservation, safety on the highway and strong linkages to encourage development activities.

#### **Operational and Financial Review**

NROCC's primary focus over the short to medium term will be administration of the construction of Phase 1C – May Pen to Williamsfield segment - of Highway 2000, and the Montego Bay Perimeter Road. Key activities and targets during 2020/21 will include completion and review of the designs, provision of access to lands for construction, development of financial model, identification and relocation of utility structures, and submission of environmental permit documents to the National Environment and Planning Agency.

NROCC's strategy in respect of road safety involves on-going monitoring and partnering with the relevant developers and operators to identify and implement safety improvement measures in accordance with the Highway Operating Agreement. All accidents occurring on the toll roads are recorded, analysed and reported by the Operators and shared with NROCC to guide safety improvement measures. The causes, trends and subsequent impact reduction of smoke (fires) are also considered. NROCC will also seek to develop an Environmental Management System which will be used to train relevant personnel.

NROCC is projecting a net loss of \$7,081 million (2019/20: \$11,672 million).

The Company projects a staff complement of 18 (2019/20: 15).

## National Water Commission

#### Introduction

The National Water Commission (NWC), a statutory organisation was established in 1980 through the amalgamation of the Kingston and St. Andrew Water Commission and the rurally focussed, National Water Authority. The NWC is mandated to contribute positively to national development by providing high quality potable water and sewerage services, to residential and commercial customers in a cost effective and sustainable manner. In this regard, the NWC supplies over 70% of the population with piped water and 15% with sewerage service, through over 1000 water supply facilities (including wells, water treatment plants, pumping stations), and more than 11,000 kilometers of water mains, as well as over 68 sewerage treatment plants islandwide.

#### **Operational and Financial Overview**

The NWC will continue the implementation of selected business strategies and capital projects that are expected to improve operational efficiency and service reliability during the budget year. The Kingston and St Andrew (KSA) non-revenue water (NRW) programme is expected to be completed by September 2020 and is forecast to result in a reduction in NRW in the KSA from 59% to 30%. To expand the benefits derived from the KSA project, the NWC plans to replicate this performance-based contracting modality to reduce NRW in other areas including the northern parishes and St. Catherine.

The NWC will remain committed in its efforts to improve the aged infrastructure and expand the coverage of its network to enhance service delivery and ensure revenue sustainability. The Commission's capital programme will include the Spanish Town mains replacement project which has been identified as one of the projects required to increase the distribution of water in Kingston and the Port Royal distribution main replacement and sewerage treatment plant which is required to support the development plans for Port Royal.

Effective metering, billing and collection are of paramount importance to the sustainability of the NWC's operations. Accordingly, the replacement of aged meters, metering of un-metered accounts and the installation of more accurate meters will continue during the year.

In recognition of the importance of technology in the improvement of operational efficiency, the Commission has embarked on a programme to modernize its information and communication technologies to transform the way it does business.

The Commission projects a surplus before tax of \$1,339.99 million (2019/20: \$5,262.79 million deficit).

The NWC projects a staff complement of 2,197 employees (2019/20: 2,234).

## Port Authority of Jamaica

#### Introduction

The Port Authority of Jamaica (PAJ) was established under the Port Authority Act of 1972. Its mission is to develop and regulate world class facilities and services that ensure sustainable growth of Jamaica's maritime industry and maximum satisfaction to all stakeholders. PAJ is also the designated authority to ensure that the seaports are secured in a manner which is consistent with internationally acceptable security standards at all times.

#### **Operational Overview**

The PAJ remains committed to fulfilling its mandate as the principal maritime agency with regulatory and developmental responsibilities for Jamaica's ports and port facilities, whilst contributing to the Government's growth agenda. The Authority plans to continue initiatives that are intended to add value, improve efficiency and to stimulate economic growth. In this regard, the PAJ will continue the implementation of priority developments geared at enhancing cruise, cargo, logistics and service offerings at Jamaica's ports and port facilities. The main investments for the budget year include:

- Replacement of maintenance vessel- activities will continue towards the acquisition of a buoy tender vessel to support the effective maintenance of navigational aids.
- Montego Bay Cruise and Cargo continue the rehabilitation and infrastructural upgrades at Berths 1, 2 and 3 which is intended to modernize and expand the ports to keep pace with the global demand and to accommodate larger vessels.
- Business Process Outsourcing (BPO) pursue the completion of a 157,000 square feet BPO facility in Portmore, St Catherine which is intended to stimulate economic growth by creating employment opportunities for in excess of 4,000 persons.
- Port Royal Cruise Development The PAJ successfully completed works to facilitate the historic opening of the Port Royal Cruise Pier in the last quarter of the 2019/20 financial year. During the budget year PAJ will continue developmental works at Port Royal; works will include the restoration of Fort Charles and Giddy House and construction of attractions.
- Port Community Systems (PCS) –complete full implementation of the PCS single window system at air and sea ports.
- Logistics Development –the completion of an 18,000 square meter logistics facility in Kingston to capitalize on opportunities for growth and development within the Logistics industry.
- Ocho Rios Cruise –completion of works geared towards improving cruise operations in Ocho Rios, specifically the on-going activities related to the Reynold's Pier development project.

The PAJ projects a surplus of \$1,901.22 million (2019/20 estimate: \$1,310.49 million).

PAJ will retain its staff complement of 281.

# **Urban Development Corporation**

#### Introduction

The Urban Development Corporation (UDC) was established by the Urban Development Act of 1968. The main activity of the Corporation is to undertake urban and rural renewal, as well as orderly development in specific areas designated by Government of Jamaica (GOJ) with the goal of stimulating economic growth and making development happen.

#### **Operational and Financial Highlights**

The UDC will continue its core mandate of executing developments in designated areas and will seek to stimulate economic growth through the implementation and management of transformational projects for itself and on behalf of other government agencies and organizations. The Corporation will continue to manage and execute a number of priority projects during the budget year, including:

- Beach development/rehabilitation Works will continue towards the development of parks with recreational amenities at Closed Harbour and Ocho Rios Bay Beach. The UDC will also pursue a beach replenishment project as well as the improvement of bathroom facilities at the Dunns River Falls and Park. The rehabilitation of groynes along the Montego Bay Waterfront is also expected to halt shoreline erosion and facilitate the regeneration of lost areas of beach lands.
- Port Royal Master Plan development- The development of a master plan to support the sustainable redevelopment of Port Royal and the Palisadoes will continue during the year. The Plan will focus on maintaining the historic, environmental, cultural, and social fabric of the area whilst supporting increased tourism and economic value.
- Government Campus and Houses of Parliament- the UDC will continue to coordinate the planning and design of a modern Houses of Parliament building for the GOJ. The Corporation will also continue to examine the feasibility and development of plans to support the relocation of Government Ministries and related commercial and residential developments at the proposed Government Oval on the National Heroes Circle.

A total of \$1,706.75 million is budgeted to facilitate UDC's investments and infrastructural works, as well as the acquisition of fixed assets. A net profit of \$281.69 million is forecast for the budget year (2019/20: \$512.63 million deficit estimated).

The UDC projects a staff complement of 470 (2019/20: 441).

National Insurance Fund

Introduction

The National Insurance Scheme (NIS) was established by Parliament under the National Insurance Act 38 of 1965. The National Insurance Fund (NIF) was established under Section 39 of the National Insurance Act and its Advisory Board created in 1990. NIF is responsible for managing the investment portfolio created from the NIS contributions to optimise returns and provide for the disbursement of future benefits.

The Fund disburses monies to the NIS to provide for its registered beneficiaries. These benefits include pensions, grants and health insurance in the form of NI Gold. The Fund also remits 20% of NIS contributions to the National Health Fund.

Operational and Financial Overview

The Fund will focus on cash management to ensure that resources are readily available for participation in new investment and to make payments as required by the NIS. In addition, the Fund will seek to improve its Net Asset Value by implementing the following strategies:-

- Diversification of income streams by investing in high growth private companies, increasing commercial loan portfolio and responding to opportunities as they arise in the market.
- Optimization of the Fund's investment in real estate by diversifying and realigning the real estate portfolio.

The Fund has projected a net surplus of \$13,214.40 million (2019/20 - \$19,882.48 million).

NIF projects a staff complement of 20 (2019/20: 14).

Petrojam Limited

Introduction

Petrojam Limited was incorporated in October 1982 as a wholly owned subsidiary of the Petroleum Corporation of Jamaica (PCJ). In 2006 49% of the Company's shares were sold to Petroleos de Venezuela S.A (PDVSA), with PCJ retaining controlling interest. Consequent on the passing of The Compulsory Acquisition (Shares in Petrojam Limited) Act 2019, effective February 22, 2019 the Government of Jamaica, through the Accountant General, acquired the 49% shareholding held by PDVSA.

The Company operates the only petroleum refinery in Jamaica which processes crude oil into various finished products including liquefied petroleum gas, auto diesel oil, turbo fuel, heavy fuel oil, asphalt, and unleaded gasoline. Petrojam sources crude supplies primarily from Brazil, Ecuador and Columbia, while finished products are imported mainly from the open market. There are two additional profit centres, shipping and bunkering, which are complementary to the refining operation of Petrojam.

Operational and Financial Overview

The global crude oil market is projected to remain fairly stable with increased production by major oil producers and marginal increases in demand for petroleum products during the period. It is also anticipated that there will be no significant upward movement in oil prices for the next year. Petrojam projects the sale price of petroleum to average US\$80.45 per barrel (2019/20: US\$75.08 per barrel).

Given the change in its ownership and the unavailability of supplies from PDVSA, Petrojam has sought to secure comparable quality crude oil from other regional suppliers: Brazil, Ecuador and Colombia. Petrojam plans to focus on exporting its Heavy Fuel Oil due to the projected decrease in demand from the local energy market during the medium term.

To improve the operating efficiency of its aging plant and technology, Petrojam will pursue the refurbishing of its holding tanks and pipelines; and the regeneration of its catalyst to maintain the quality of its fuel production. The Company projects that these activities will be managed within a scheduled downtime at the plant.

Petrojam has projected a net profit of US\$16.69 million (2019/20: US\$8.33 million).

The Company will retain a staff complement of 250 permanent and 33 temporary employees.

Petroleum Corporation of Jamaica

Introduction

The Petroleum Corporation of Jamaica (PCJ) was established by the Petroleum Act of June 1979 to provide reliable, affordable, and secure energy supplies for the nation's development. The Corporation's mandate has since been expanded to include responsibility for the development of indigenous renewable energy resources and to assist the Government in the implementation of Jamaica's National Energy Policy (JNEP) 2009 - 2030.

PCJ also engages in property management, rental of office space and the provision of management services to its subsidiaries. Petrojam Ethanol Limited is a subsidiary of PCJ. The Corporation owns 51% of Petrojam Limited the operator of the island's sole oil refinery.

Operational and Financial Overview

The PCJ is expected to be subsumed into the Ministry of Science, Energy and Technology. The Corporation does not project to undertake any new operational initiatives during the budget year 2020/21.

The Corporation is estimating net profit of \$6,165.68 million for the 2019/20 financial year.

A staff complement of 120 is estimated.

Airports Authority of Jamaica

Introduction

The Airports Authority of Jamaica (AAJ) was established under the Airports Authority Act of 1974, and has the primary responsibility of managing and operating Jamaica's international airports and domestic aerodromes. Towards the development of a modern, safe and profitable airport system, AAJ undertakes long-term planning and development of the airports and advises the government on air transportation policy issues.

The two (2) major international airports are being managed under separate concession agreements with Montego Bay Jamaica Airports Limited and PAC Kingston Airport Limited. However, AAJ remains the owner of the airports, having oversight and contract administration responsibilities for the concession agreements.

Operational and Financial Highlights

The Public Private Partnership (PPP) arrangement for the Norman Manley International Airport was successfully implemented in October 2019 with the handing over of the Airport to PAC Kingston Airport Limited under a 25-year concession agreement. This arrangement will allow the AAJ to leverage private sector capital and expertise to modernize, improve efficiency and service delivery at the Airport whilst providing returns to the AAJ by way of annual concession fees.

Whilst the AAJ has relinquished operational responsibilities at the NMIA, the Authority will remain responsible for the completion of capital improvements under the 20 year Capital Development Programme. Accordingly, the AAJ will seek to complete works under phase 1B and 2A of the Capital Development Programme over the next two years. To mitigate against the effects of climate change, the implementation of the shoreline protection project in Port Royal will also be undertaken during the budget year.

The implementation of a revised organisational structure to support AAJ's effective execution of its function as airport and concession managers as well as aviation and aerodrome developers will remain a priority during the budget year. It is anticipated that the implementation of the revised structure should serve to optimise AAJ's contract management responsibilities at the two major international airports. The AAJ will also continue to focus on the development of general aviation and will seek to embark on activities geared towards ensuring the sustainability of operations and consistency with regulatory requirements. In this regard, planning and developmental works relating to the Ian Fleming International Airport, the Vernamfield Development Project as well as other aerodromes will continue during the budget year.

AAJ projects a profit after tax of \$6,546.15 million (2019/20 Estimate: \$5,513.94 million2019/20). AAJ plans to maintain the current staff complement of 106 employees during the budget year.

Clarendon Alumina Production Limited

Introduction

Clarendon Alumina Production Limited (CAP) represents the Government of Jamaica in the "Joint Venture" operation JAMALCO. CAP holds 45% while General Alumina Jamaica LLC (GAJ), holds 55%. GAJ is owned 100% by General Alumina Holdings Limited (GAH), which is owned 100% by the Noble Group (SGX:N21). Up to December 1, 2014 GAJ was owned by Alcoa Minerals of Jamaica, LLC (AMJ). During the period December 1, 2014 to November 30, 2017, Alcoa World Alumina (AWA) functioned as the managing partner under a three year Management and Transition Services Agreement (MTSA) of the JAMALCO operations. At the conclusion of the MTSA, Noble, the majority shareholder assumed the role of managing partner.

The JAMALCO operation is funded by contributions proportionate to each partner's holdings.

Operational and Financial Overview

CAP will continue to manage the Company's stake in JAMALCO and participate in the Management Committee to ensure that the following activities are undertaken during the year:

- Incorporation of the steam supply from the 94 megawatt Liquefied Natural Gas plant built by New Fortress Energy into the JAMALCO operation and refinery facility to further strength the joint venture operations.
- Improvement of the operating efficiencies and initiatives of plant operation to optimise capacity, minimise down time, and reduce costs through measures relating to bauxite, energy, and caustic soda usage. These operating efficiencies will be realised through improved energy consumption, arrangements for new mining areas as well as new and improved management of refinery.
- Achievement of the plant's production target of 1.26 million tonnes (2019/20: 1.18 million tonnes) of alumina for JAMALCO. CAP's entitlement is 45% of the production output.

CAP will continue to contribute to the JV operation's capital expenditure for sustaining capital works to improve production and minimize productivity loss.

CAP forecasts operating loss of US\$35.06 million (2019/20: loss US\$50.52 million).

CAP plans to maintain a staff complement of nine (9).

Jamaica Urban Transit Company Limited

Introduction

The Jamaica Urban Transit Company Limited (JUTC) was incorporated on July 13, 1998 with the mandate to provide a safe, reliable, modern, professional, efficient, and cost effective transportation service to the Kingston Metropolitan Transport Region (KMTR). The KMTR covers 5 franchise areas namely Eastern, Spanish Town, Papine, Portmore, and Northern.

The JUTC operates from three Depots with a Central Maintenance Workshop (CMW). The depots are located at Twickenham Park and Portmore in St. Catherine and Rockfort in Kingston, while the CMW is located at Ashenheim Road, Kingston. The Company also operates out of the Half Way Tree Transportation Centre, a facility comprising a bus station over two levels and a 900 square metre terrace that provides a central hub for its buses and commuters.

The establishment of the JUTC was the Government of Jamaica's (GOJ) effort to bring order to the public transportation system. The JUTC contributes to connecting the nation's metropolitan economic centres, by way of safe and reliable service to boost employment and reduce traffic congestion. In support of the GOJ's national policy priorities, the JUTC is mandated to provide 25,000 to 31,000 seats per day to meet the demands of the commuting public within the KMTR.

Operational and Financial Overview

The JUTC will continue to pursue a number of activities aimed at increasing operational efficiencies which should enhance the service to commuters and contribute to reduction in operating costs. The activities that are being pursued include:

- 1) Implementation of an Oil Filtration System in 300 buses (2019/20: 150 buses) aimed at improving the efficiency and operational life of the buses' engines.
- 2) Refurbishment of 15 damaged buses to facilitate their return to service.

The JUTC's Operational Plan assumes total passenger carry of approximately 50 million (2019/20 - 41 million) from an average bus run out of 391 daily (2019/20: 350). To facilitate the increased passenger carry the Company will seek to:

- 1) Enhance its fleet management and bus tracking system to provide real-time information to assist with efficient decision making and service delivery.
- 2) Improve the fare collection system to support the efficient collection of revenue.
- 3) Increase the fleet by fifty (50) new buses;

The JUTC forecast a net deficit of \$5,782.50 million (2019/20: \$2,265.70 million - surplus). Government Subvention represents \$5,346.30 million (2019/20: \$6,631.47 million) of total revenue.

The Company has projected a staff complement of 2,168 (2019/20: 2,034).

The Office of Utilities Regulation

Introduction

The Office of Utilities Regulation (OUR) was established by the Office of Utilities Regulation Act 1995, with the mandate to regulate the provision of prescribed utility services. Accordingly, the OUR is responsible for processing applications for utility licences, setting rates where applicable, and monitoring the operations of prescribed utilities. The OUR in fulfilling its regulatory duties, also seeks to create an environment that fosters the efficient and reliable delivery of utility services to consumers on a competitive basis.

The OUR will continue to align its activities with Jamaica's 2030 National Development Plan. Accordingly, the Regulator will continue to establish and maintain required rules and standards to regulate the various sectors which fall within its purview, taking into consideration the interest of consumers and private investors.

Operational and Financial Overview

Through its regulatory activities in the telecommunications sector the OUR will remain focused on the maintenance of a competitive environment which provides a reliable and affordable service to consumers. The OUR will pursue a number of projects during the year, including updating the Fixed Cost Model for termination rates and the development of a fixed infrastructure sharing model to provide a reliable means to determine infrastructure sharing charges. The OUR will also seek to update the existing Mobile Long Run Incremental Cost Model which serves to encourage operational efficiency and rational pricing decisions by operators.

The electricity sector remains critical to national development and as such new and ongoing priority projects are aimed at providing sustainable and efficient service at satisfactory quality to consumers. The OUR's main area of focus will be on the annual tariff review, the implications of developments within the sector, including the introduction of electric vehicles, promoting system resilience as well as the reduction of system losses. In this regard, the OUR will, *inter alia*, continue to monitor the operations of the Jamaica Public Service Company Limited, support Jamaica's procurement of new generation capacity, develop a regulatory framework for the Natural Gas sector and continue activities geared towards the development of an Electric Vehicle Policy.

In the water and sewerage sectors, continued focus will be on fostering improved efficiency, the reduction of non-revenue water as well as increased private participation in water and sewerage developments. In this regard the OUR will seek to improve the mechanism for monitoring the effectiveness of the National Water Commission's K Factor programme. The Regulator anticipates undertaking a number of tariff reviews for private operators during the year and will also seek to develop a regulatory framework for Public Private Partnerships in the sector.

The activities outlined will be funded by total income of \$915.38 million. OUR projects a staff complement 78 (2019/20: 76).

Factories Corporation of Jamaica Limited

Introduction

The Factories Corporation of Jamaica Limited (FCJ) was incorporated under the Companies Act of Jamaica in 1987 and is wholly owned by the Government of Jamaica. Its mission is to be a financially strong and dominant provider of industrial and commercial office space that is customer focused and efficiently managed by an empowered cadre of staff. FCJ currently owns/controls 1,689,528 square feet of factory space, and in excess of 84.2 hectares (208 acres) of vacant lands.

Operational and Financial Overview

The FCJ in keeping with its mandate will continue activities geared towards the stimulation of sustainable economic growth, development and job creation. The modernization of existing facilities, infrastructural developments and introduction of new space to boost revenue generation will remain a priority for the FCJ during the budget year. Accordingly, FCJ will commence the Redevelopment of Garmex Free Zone Project Phase 1, which will involve the construction of four (4) factory buildings providing 90,000 square feet of commercial and industrial space.

Plans will continue apace to facilitate the development of the Morant Bay Urban Development Centre via a joint venture agreement. The Urban Centre will provide 375,000 square feet of office and commercial space and will impact favourably economic development and employment in the parish of St. Thomas. The FCJ will also pursue improvements at its other facilities to make them more attractive and supportive of Micro Small and Medium Enterprises operating in a globally competitive environment and allowing them to take advantage of the logistics centered economy.

To improve operational efficiency the FCJ plans to acquire and upgrade its information and communication technology during the year.

The FCJ projects a surplus of \$249.74 million (2019/20: \$458.44 million).

A staff complement of 117 is projected (2019/20: 111).

Jamaica International Free Zone Development Limited

Introduction

The Jamaica International Free Zone Development Limited (JIFZ) is a limited liability company with the shareholders being the Port Authority of Jamaica (PAJ -75%) and Zim Integrated Shipping Services Limited (25%). The Company was incorporated in December 2005 and was established with the core responsibility of facilitating the development of logistics centers in Jamaica. In keeping with its mandate, JIFZ acquired 16 acres of land at Newport West and developed 103,482 square feet of office and warehousing space which it currently operates.

Operational and Financial Overview

The JIFZ will continue to focus on initiatives to support the Government of Jamaica's national strategy to develop Jamaica as a Regional Logistics Hub with multimodal transport linkages. To support these efforts, JIFZ in collaboration with the PAJ will continue to pursue the development of a Near Shore Logistics Centre.

The following strategic priorities will guide the JIFZ's operations during the year:

- Expansion of operations by identifying opportunities to partner in logistics development projects and to ensure that the development of the Near Port Logistics Centre is realized.
- Provision of the highest standard of support infrastructure by implementing and maintaining a structured maintenance programme to upgrade the facility in line with internationally acceptable standards.

JIFZ projects a net surplus of \$101.17 million (2019/20 estimate: \$31.43 million).

Management and administrative services related to operations at the logistics complex will continue to be undertaken by the Kingston Free Zone Company Limited and the PAJ. Accordingly, JIFZ will have no employees.

Kingston Free Zone Company Limited

Introduction

The Kingston Free Zone Company Limited (KFZ) was incorporated on February 5, 1982 under the Companies Act of Jamaica. The KFZ is owned by the Port Authority of Jamaica (PAJ) -72% and Government of Jamaica (GOJ) - 28%. The main activities of the KFZ are rental of warehouses, factory and office space. KFZ also acts as property manager and offers property management services for the Jamaica International Free Zone Development Limited (JIFZDL).

The KFZ's primary role is to facilitate local and foreign investment in Jamaica. The KFZ has consistently supported the GOJ's objectives "To Develop Internationally Competitive Industry Structures" and "To Develop Investment and Support Framework for the Development of the Information Communication Technology (ICT)/Business Process Outsourcing (BPO) Sector". The KFZ currently has approximately 305,000 sq. ft. of space while the PIP has 50,000 sq. ft. of office space.

Operational and Financial Overview

The KFZ will continue to focus on its primary mandate of promoting local and foreign investments as well as job creation whilst transitioning into the Special Economic Zone regime. The completion of a 157,000 square feet BPO facility is expected to increase significantly KFZ's contribution to operations within the BPO/ICT sectors, and is expected to create approximately 4,000 new jobs for the Jamaican economy. The KFZ will, in collaboration with the Montego Bay Free Zone, continue to aggressively market this new facility in order to achieve full occupancy. The Zone has targeted 75% occupancy by the third quarter of the 2020/21 financial year.

In order to retain existing clientele and ensure the continued sustainability of operations, the delivery of high-level customer service will remain a priority for KFZ. With the planned development of the Special Economic Zone, the KFZ will continue to encourage non-free zone operators to convert to Special Economic Zone Users. The KFZ will also continue to support the PAJ in the development and execution of plans to facilitate the expansion of neighbouring lands to create a Near Port Logistics Centre.

KFZ projects a net surplus after tax of \$189.65 million (2019/20 estimate: \$128.46 million).

KFZ projects a staff complement of twenty-five (25) (2019/20: 23).

Montego Bay Free Zone Company Limited

Introduction

The Montego Bay Free Zone Company Limited (MBFZ) was incorporated under the Companies Act of Jamaica and is owned equally by the Government of Jamaica (GOJ) and the Port Authority of Jamaica (PAJ). The MBFZ's main activity is the rental of office and factory space located in the Montego Bay Freeport area. The Company also acts as property manager for buildings owned by the Factories Corporation of Jamaica Limited (FCJ) located in the Montego Bay Freeport area.

The MBFZ plays a pivotal role in the development and expansion of Jamaica's Information and Communication Technology (ICT) sector primarily Business Process Outsourcing (BPO) industry.

Operational and Financial Overview

The MBFZ will remain focused on its mandate of contributing positively to the achievement of Jamaica's medium term goals and the National Development Plan. MBFZ has achieved record level of employment within the BPO industry, exceeding 10,000 persons and contributed to the development of 10% new capacity of rentable space. The MBFZ will continue to play a critical role in ensuring the sustainable growth and development of the ICT BPO sectors. Among the key strategies that will be implemented for the budget year are:

- Execution of increased marketing and promotional activities to increase awareness of the functions of the MBFZ, ensure full occupancy of all rentable space and to attract new and diverse investments in the Zone. To supplement marketing efforts, the Zone will seek to partner with the Jamaica Promotions Corporation to participate in international trade shows.
- Expansion of its role as an investor facilitator by fostering the development of new entities through its Business Incubator programme and through the development and utilization of new market intelligence tools.
- Redesign and implement data driven internal processes that will complement and align its services and operations with the Special Economic Zone.

A net profit after tax of \$5.15 million is projected for the budget year (2019/20 estimate: \$95.12 million).

MBFZ plans to maintain a staff complement of fifteen (15).

Ocho Rios Commercial Centre Limited

Introduction

The Ocho Rios Commercial Centre (ORCC), owner and operator of the Ocean Village Shopping Centre is a wholly owned subsidiary of the Urban Development Corporation (UDC). The Centre is located in Ocho Rios, St. Ann and was built by the UDC in 1972, and became operational in 1974. The construction was undertaken to complement its resort and residential properties within the Ocho Rios area. The Shopping Complex provides employment opportunities and offers a range of products and services to residents and visitors in the Ocho Rios town centre. The ORCC's core function is to provide effective and efficient maintenance services for the existing building, grounds and gardens. The Centre is also responsible for the rental of all lettable spaces and the timely collection of rental income and maintenance fees.

Operational and Financial Highlights

The effective management of the Commercial Complex will remain ORCC's priority for the budget year as it seeks to enhance the overall satisfaction of tenants while ensuring the Centre's financial viability. In this regard, the ORCC will pursue the following selected strategies during the budget year:

- Maintain occupancy level of 98% of rentable space;
- Improve collection rate and thus reduce rent receivables by at least 19% to ensure adequate liquidity to fund operations;
- Preserve the complex and its equipment through effective maintenance scheduling;
- Collaborate with private and public entities to host at least one event per quarter to create awareness and promote the retail and service offerings.

The company forecasts a net surplus of \$24.01 million (2019/20 estimate: \$13.37 million).

The ORCC plans to maintain its staff complement of twenty-two (22) employees during the year.

Ports Management and Security Limited

Introduction

The Ports Management and Security Limited (PMSL) was incorporated in April 2004 as a joint venture between the Port Authority of Jamaica (51%), Kingston wharves Limited (25%) and the Shipping Association of Jamaica (24%). PMSL was established to undertake the Port Authority of Jamaica's (PAJ) mandate to ensure that the security systems and procedures at Jamaica's seaports are upgraded to meet the requirements of the International Maritime Organization's International Ship and Port Facility Security Codes (ISPS).

PMSL has direct responsibility for the implementation of ISPS security requirements at Jamaica's public ports and bonded warehouses. The provision of security services is aided by the use of non-intrusive cargo inspection equipment, closed circuit television, access control systems and underwater surveillance cameras leased from PAJ.

Operational and Financial Highlights

The preservation of the safety and integrity of Jamaica's ports will remain a priority for the PMSL during the budget year. Accordingly, the PMSL will continue to collaborate with the PAJ to provide robust security systems in accordance with national and international standards. The PMSL will continue activities geared towards improving security at the ports, including:

- Replacing existing equipment in the Non-Intrusive Inspection Programme and surveillance systems with new technology. In this regard, the PMSL will continue works geared towards the renewal of security scanning equipment, through the purchase of a Rapiscan X- Ray machine and the expansion of CCTV and access control systems.
- Assessing existing systems and programmes designed to stem the flow of contraband to ascertain their effectiveness.
- Improving institutional capability to respond to emerging security threats in the context of existing and new business development.
- Continuing the robust training and development programme for employees.

PMSL projects a net profit after tax of \$426.28 million (2019/20 Estimate: \$632.23 million). PMSL plans to maintain its staff complement of eighty-two (82) employees for the budget year.

The Runaway Bay Water Company Limited

Introduction

The Runaway Bay Water Company (RBWC) was incorporated on January 17, 1968. RBWC is a wholly owned subsidiary of the Urban Development Corporation (UDC) which acquired the Company in 1977. RBWC was established to provide potable water for the developers of Cardiff Hall Estate and the former Jamaica Jamaica Hotel, now Jewel Runaway Bay and Golf Course. In 1989, an additional well was commissioned at Mount Edgecombe, an adjacent residential community. The management of RBWC is guided by oversight and monitoring from UDC through alignment of certain functional areas including audit, accounting and human resources.

RBWC wholesales 80% of potable water produced to the National Water Commission (NWC) for redistribution to customers. The remaining 20% of potable water produced is distributed directly to 400 domestic and 40 commercial customers in the surrounding area. The Company extracts, treats and sells an average of 6000 m³ per day or 2.3 million m³ per annum of potable water from its two (2) plants at Mount Edgecombe and Cardiff Hall.

Operational and Financial Overview

The RBWC will remain focused on the provision of potable water, consistent with established quality standards, to all its customers. The amalgamation of the Caymanas Development Company with the RBWC's operations during 2019/20 should result in opportunities for an overall increase in RBWC's customer base as well as greater operational efficiency. The RBWC will continue working with the UDC to pursue opportunities to expand its customer base, enhance its brand and increase revenue. The following strategic priorities will guide the RBWC's operations during the budget year:

- Enhance on a continuous basis the maintenance programme to ensure that all assets and facilities are properly maintained and secured
- Comply with all regulatory standards for potable water and sewage disposal
- Maintain customer satisfaction by providing support services that exceed their expectations
- Maintain a cadre of trained, customer oriented staff to adequately service the needs of the Customers
- Explore opportunities for expanding operations at major hotels and housing developments within the region.

The RBWC projects a surplus of \$66.14 million (2019/20 estimate: \$59.92 million).

The RBWC will maintain a staff complement of 26.

St. Ann Development Company Limited

Introduction

The St. Ann Development Company Limited (SADCo), a wholly owned subsidiary of the Urban Development Corporation (UDC) was incorporated in 1967. The Company partners with the UDC under a management contract to oversee the management of several properties/attractions in the tourism sector. SADCo's main activities are focused on the sustainable development of several properties including Dunn's River Falls and Park, Green Grotto Caves, Turtle River Park, Ocho Rios Bay Beach, Roaring River, Laughing Waters and undeveloped lands in surrounding communities in the parish of St. Ann.

Operational and Financial Overview

SADCo will remain focused on the effective management of assets within its portfolio to foster improved financial viability and service delivery. In this regard, SADCo will continue to collaborate with the UDC in an effort to facilitate the continued improvement of product offerings, as well as brand equity and reputation. Increased focus will be placed on the provision of responsive customer service in an effort to improve customer satisfaction. These efforts are expected to be further supported by the adoption of a performance driven culture throughout the organization, improved marketing and cost containment measures which should serve to facilitate the sustainability of operations across all assets.

SADCO projects a net profit after tax of \$19.27 million (2019/20 estimate: \$25.85 million).

The Company plans to maintain a staff complement of forty-two (42).

The Sports Development Foundation

Introduction

The Sports Development Foundation (SDF) was incorporated as a company limited by guarantee to promote and encourage the development of sporting talent and the growth in facilities and activities concerning all aspects of sports.

SDF's main source of income is proceeds from the Gaming Industry. Based on Section 59G of the Betting, Gaming and Lotteries Act, the Foundation is entitled to 40% of the gaming proceeds received by the Cultural Health Art Sports and Education (CHASE) Fund.

The Foundation has been fostering the advancement of sports through its emphasis on specialist training and other human development programmes. In addition the SDF supports national teams participating in local and international events, the preparation and sponsorship of athletes and the provision of sporting facilities throughout Jamaica. The following are some of the objectives of the Foundation:

- Research, analyse and assess the need for sports facilities and prioritise implementation based on the greatest need and impact on the population
- Facilitate the development and training of athletes through National Associations
- Rehabilitate playfields to enhance the quality of sports activities.

The SDF's financial year covers the period *January 1 to December 31*.

Operational and Financial Overview

The SDF provides funding to National Sporting Associations that subsequently impacts the development of sports across the nation. Based on its allocation from the CHASE Fund, the SDF will continue to provide funding to as many sport types as possible with disbursements made for infrastructure projects, athletes' welfare and grants to the Foundation's sports affiliates consequent on its mandate to develop the nation through sports.

The Foundation is projecting a deficit of \$97.80 million for the financial year ending December 31, 2020 [2019: \$116.82 million].

The Foundation projects a staff complement of fourteen (14) [2019: 13].

Broadcasting Commission of Jamaica

Introduction

The Broadcasting Commission of Jamaica (BCJ) is a statutory body established under the Broadcasting and Radio Re-Diffusion (Amendment) Act of 1986. The main function of the BCJ is to monitor and regulate the electronic media industry. In carrying out its functions the BCJ has responsibility for administering aspects of the following:

- Broadcasting and Radio Re-Diffusion Act (1986)
- Television and Sound Broadcasting Regulations (1996)
- Access to Information Act (2000)
- Children's Code for Programming (2002)

The BCJ also makes recommendations for granting or cancellation of licences for radio, television and subscriber television (STV) services; and provides advice on regulatory issues to the Minister with responsibility for Information.

Operational and Financial Overview

One key issue with which the BCJ continues to grapple is that the media firms in Jamaica are no longer operating on a level playing-field, because competing firms can operate in unregulated and untaxed spaces while capturing all the advertising revenue. In the face of this and other challenges, the present regulatory framework to protect the public interest against harm can be readily bypassed. Therefore, a new model of regulation is required. Consequent on the foregoing, the Commission plans to:

- Develop a new model to regulate content in the form of an Automated Content Monitoring System
- Collaborate with other entities such as e-Gov Jamaica and Ministry of Health and Wellness to address cross-sectorial work such as digital transformation and public health issues
- Implement programmes and establish partnerships with the Ministry of Education, Youth and Information as well as parenting groups in an effort to facilitate youth and adult outreach
- Pursue 100% copyright compliance
- Implement BCJ's Virtual Digital Literacy Academy
- Conduct media campaign and host seminars to combat contemporary ethical issues in journalism

BCJ forecasts an operating surplus of \$0.44 million (2019/20: \$41.08 million).

The Commission forecasts a staff complement of thirty-two (32) [2019/20: 27].

Overseas Examination Commission

Introduction

The Overseas Examinations Commission (OEC) was established by an Act of Parliament in 2005, and is the only organization mandated by the Government of Jamaica to administer external examinations. The Commission partners with the Ministry of Education, Youth and Information and external examining bodies on a number of key initiatives related to the administration of local and external examinations.

The OEC's financial year previously spanned *September 1 to August 31*. However, effective April 2019, the Commission changed its financial year to April 1 to March 31.

Therefore, OEC's financial data will reflect seven (7) months ended March 31, 2019 (2018/19) as a result of the transition.

Operational and Financial Overview

The ongoing transformation of the examinations landscape has engendered a shift in the OEC's mode of operation given that most external examinations are being administered online. Consequently, the Commission is in the process of redefining its role as it relates to e-testing modalities. The OEC's main activities will be to:

- Construct a multipurpose facility that will accommodate its energy initiatives, Information and Communication Technology (ICT) infrastructure, core operations as well as new business ventures. Some of these new business ventures include laboratory digital scanning/imaging services, a data analytics centre, library research centre and services support centre at the Headquarters.
- Develop the new business ventures to support and protect e-testing of all candidates at the secondary level and within the out-of-school population.
- Complete the design and plans for a smart, flexible state-of-the-art facility at the Montego Bay Centre.
- Build awareness of the OEC brand towards increasing the customer base in all products and services through the establishment of a marketing and sales department as well as a customer care department to facilitate students within the context of administering the new suite of online examinations.

The Commission estimates net profit of \$205.23 million [2019/20: \$29.54 million].

The OEC forecasts a staff complement of fifty-six (56) [2019/20: 45].

Betting, Gaming and Lotteries Commission

Introduction

The Betting, Gaming and Lotteries Commission (BGLC) was established in 1975 under the provisions of the Betting, Gaming and Lotteries (BGL) Act. The Commission is mandated to regulate and control the operations of the betting, gaming and lottery activities on the island. Its mission is to ensure the highest standards of probity and integrity within the industry it regulates in order to engender a high level of public confidence in gaming activities. This should facilitate ultimately, the growth of the sectors and ensure that the Government's revenue is protected.

Operational and Financial Overview

BGLC will continue to pursue its mandate to regulate and control the operations of the betting, gaming and lottery activities on the island. Accordingly, the BGLC will:-

- Review and redesign the Licensing and Registration System
- Implement a new Gaming Management Information System
- Realign the public education awareness strategy to the organisation strategy, focusing on responsible gaming
- Implement a formal system for managing complaints
- Develop and implement an Enterprise Risk Management System

The planned activities to merge BGLC's operations and business processes with those of the Jamaica Racing and the Casino Gaming Commissions will continue. It is anticipated that in 2020/21 the new Gaming Act will be finalised to facilitate the merger of the three (3) Commissions into a single Gaming Commission.

The BGLC projects net surplus after tax of \$385.61 million (2019/20 estimate: \$308.52 million).

BGLC projects a staff complement of 99 (2019/20: 88).

Financial Services Commission

Introduction

The Financial Services Commission was given wide ranging powers to supervise, investigate and sanction entities falling under its jurisdiction. The FSC's supervisory practices place a significant amount of weight on prudential supervision; focusing on solvency, the quality of internal controls, risk management and corporate governance within regulated institutions. The Commission promotes stability and public confidence in the operations of financial institutions, as well as, the modernization of financial services at international standards of competence, efficiency and competitiveness.

Operational and Financial Overview

The FSC will continue to pursue its mandate to protect users of the insurance, securities and pension industries. This is facilitated through a robust consolidated risk-based supervision framework, as well as the promotion of higher levels of public financial literacy. The Commission will pursue measures that:-

- Create an enabling environment for expanding the range of investment options available to registered entities and investors. FSC will pursue measures to enhance consumer protection and financial capability in support of the National Financial Inclusion Strategy to improve financial inclusion, capability and literacy of Jamaicans.
- Incorporate forward-looking risk based assessments of the financial condition and outlook for regulated entities. In particular, FSC will seek to enhance its financial group supervision and crisis resolution framework and practices.
- Expand the regulatory functions of FSC to include domestic and international trust services providers, and the regulation of virtual asset service providers. Focus will also be placed on enhancing the regulations, guidelines and practices under the anti-money laundering/counter financing of terrorism framework for the non-banking sector.

The FSC forecasts a net surplus \$79.61 million (2019/20 estimate: \$223.52 million).

FSC will retain a staff complement of One Hundred and Twenty-seven (127).

#### Harmonisation Group Limited

#### Introduction

Harmonisation Group Limited (HGL) was incorporated in April 2003 as a private limited liability company. The Company is jointly owned by the National Housing Trust (NHT) and the Development Bank of Jamaica (DBJ) Limited. The principal activities are the purchase of land for the purpose of development, investment, or resale.

HGL owns 100% of the shares in Silver Sands Estates Limited (SSEL), a company incorporated and domiciled in Jamaica. SSEL's principal activity is the rental of resort accommodation. The Corporate Plan represents the consolidated forecast for Harmonisation Limited and subsidiary, SSEL.

#### **Operational and Financial Overview**

The strategic priorities for 2020/21 include:-

- The continuation of the divestment of some of the assets of SSEL to facilitate the roll out of Phases 2 and 3 of Silver Sands, in line with the overall development plan for the neighbouring Harmony Cove development. Harmonisation commenced the sale of service lots in financial year 2019/20 and will continue to dispose of proprieties that are not deemed critical to the Harmony Cove project.
- The continuation of the overall development plan for the Harmony Cove project within the financial year.

HGL forecasts a net surplus of \$252.23 million (2019/20: \$489.95 million).

HGL projects a staff complement of 13 (2019/20:23).

#### Jamaica Deposit Insurance Corporation

#### Introduction

The Jamaica Deposit Insurance Corporation (JDIC) was established in accordance with the Deposit Insurance Act (DIA), 1998 and commenced operations on 31st August 1998. The Corporation is one of the Financial System Safety Net (FSSN) Partners and its mandate is to manage a scheme to provide insurance against the loss of deposits held in insured financial institutions, up to a maximum of \$600,000 per depositor in each institution. JDIC's mandate is underpinned by the continuation of policy reviews and legislative enhancements impacting the financial system. These are geared towards strengthening the protection arrangements in the financial system and the orderly resolution of non-viable financial institutions, while maintaining financial stability.

#### **Operational and Financial Overview**

JDIC will remain focused on its mandate of providing security for deposits held in insured financial institutions and managing the scheme to provide insurance against the loss of deposits held in deposit-taking institutions. Accordingly, the Corporation will:-

- Conduct research contributing to legislative reform in order to strengthen and support its expanding role and operations. This will result in amendments to the DIA and the promulgation of relevant regulations. Additionally there will be amendments to the DIA to ensure consistency with the Banking Services Act, Credit Unions (Special Provisions) Act and the proposed Bill, Financial Institutions Resolution Act.
- Enhance the regulatory and supervisory system framework in order to bolster financial system soundness and public confidence.
- Continue to strengthen the framework for monitoring member institutions' risk to the Deposit Insurance Fund in order to prepare and respond appropriately to any changes on the performance of member institutions and manage a financial crisis in collaboration with the Bank of Jamaica, should it arise.
- Collaborate with key stakeholders including policyholders, FSSN partners and regional and multilateral institutions. This provides for cooperation and information sharing on the regulation of financial institutions and cross border supervision and resolution.
- Undertake public education programmes through the dissemination of information on the Deposit Insurance Scheme and regulation of the financial system with members of the FSSN mainly through coordinated public fora and various competitions in schools.

JDIC projects a net surplus of \$2,464.70 million (2019/20: \$2,856.04 million). Meanwhile the Deposit Insurance Fund balance is expected to grow to \$26,348.32 million (2019/20:\$23,883.62 million).

The Corporation projects a staff complement of thirty-five (35) (2019/20: 32).

#### Jamaica Racing Commission

#### Introduction

The Jamaica Racing Commission (JRC) was established on December 29, 1972, under the Jamaica Racing Commission Act 1972. The mandate of the Commission is to:-

- Regulate and control horseracing and the operation of race courses in the island;
- Grant licenses and permits which may be required by virtue of the provisions of the Act;
- Recommend to the Minister of Finance the method of utilising sums, under the Betting Gaming and Lotteries Commission Act, for assistance to breeders of horses and horse racing generally; and
- Implement or facilitate the creation of any scheme for the development of the horse racing industry.

JRC's primary sources of funding are the Gross Profit Taxes levied on bookmakers and promoter's Levy from Supreme Venture Racing and Entertainment Limited.

#### **Operational and Financial Overview**

JRC is expected to achieve its mandate of regulating and controlling the operation of the Caymanas Track Race Course and horseracing through the following activities:-

- Monitoring of race day meetings (82 projected)
- Ensuring that races are cleared within 3 minutes of running (currently 5 minutes)
- Conducting routine testing on the horses to protect the integrity of the sport
- Administering the Lasix Programme to prevent bleeding in horses
- Preserving the welfare of stakeholders in the racing industry

JRC projects a deficit of \$29.53 million (2019/20: surplus \$113.53 million).

The Commission will maintain its staff complement of thirty-two (32).

## **Public Accountancy Board**

#### Introduction

The Public Accountancy Board (PAB) was established to carry out the functions of the Public Accountancy Act (PAA) of July 6, 1970. The Board is required to promote, in the public interest, acceptable standards of professional conduct among registered public accountants (RPA) in Jamaica, and to perform other functions assigned to the Board in accordance with the provisions of the Act. The Act was amended in February 2004 to strengthen the Board's role in promoting higher standards of public accountancy, and to improve monitoring of the practice and professional conduct of RPAs.

Consequent on Section 91 (1) (g) of the Proceeds of Crime Act (POCA) of November 2013, the PAB is the designated Competent Authority to monitor the work of RPAs engaged in activities as prescribed by the Legislation. These activities relate to the Financial Action Task Force 40 + 9 Recommendations on Anti-Money Laundering and Combating the Financing of Terrorism and the designation of accountants as Designated Non-Financial Business/Professionals.

#### **Operational and Financial Overview**

The PAB will continue to pursue activities aimed at improving the monitoring and regulation of the practices of RPA. Specific activities that will be undertaken by the Board include:-

- Registration and issuance of practicing certificates to Public Accountants who have fulfilled the requirements for practice, (2019/20:250 issued).
- Investigation of complaints involving persons found to be in practice that are not registered and therefore not authorised to engage in the practice of accountancy.
- Review of reports on registrants; this could result in disciplinary action as prescribed in the Regulations of the Act.
- Monitoring of compliance by registrants with the requirements of the Proceeds of Crime Act and its Regulations.

PAB forecasts a net surplus of \$2 million (2019/20: estimated \$1.65 million).

## Students' Loan Bureau

#### Introduction

The Students' Loan Bureau (SLB) was incorporated as a statutory body under the Students' Loan Fund Act (SLFA) in 1971. The Act stipulates that the functions of the Bureau include:-

- a. The provision of loans or grants, in its absolute discretion, to approved students.
- b. Administration of the Students' Revolving Loan Fund (SRLF) which was established under the SLFA.

#### **Operational and Financial Overview**

The SLB will continue to provide financing to eligible students to undertake tertiary education. The operations of the SLB will remain supported through the provision of Special Education Tax and Grant-in-Aid in order to ensure that the Bureau remains viable. The subsidy from Government as well as repayments on loans should facilitate loan disbursements for tuition loans of \$4,724.71 million (2019/20: \$4,390.06 million).

SLB will continue several initiatives in order to achieve/maintain operational efficiency, viability and enhanced public perception and awareness. The main activities slated are:

- Providing funds (\$4,724.71 million) to 13,325 eligible applicants for the three (3) loan types, namely Targeted, Pay-As –You-Study and Post Graduate loans that finance undergraduate and postgraduate studies. The estimated number of students to be provided with loans or grants during the 2019/20 academic year is 13,000 at a cost of \$4,390.06 million.
- Partnering with tertiary institutions and having various public education and outreach programmes to sensitise potential SLB beneficiaries and encourage enrolment in the tertiary programmes. SLB will strengthen the marketing function in order to continue building public awareness and create innovative payment incentives.
- Partnering with tertiary institutions and reaching out to the general public regarding its various products and services. These will continue to be executed through a public education campaign which includes visits to institutions inclusive of high schools, tertiary institutions, social development/community organisations (Social Development Commissions, Service Clubs, etc.) and several public fora to encourage enrolment in the tertiary programmes.
- Implementing the Enterprise Management Information System (EMIS). A successful bidder emerged from the procurement process and the estimated project completion date is November 2020. The acquisition of the EMIS will improve SLB's loan monitoring and management; fully integrate the Bureau's multiple information technology systems in order to fulfil its mandate. Expanding the number of funded programmes to include online and short courses and professional certification. SLB will fund 100% of all new approved/accredited programmes by the Ministry of Education, Youth and Information and the University Council of Jamaica.
- Improving the collection process aimed at reducing delinquency via direct debit for loan repayment, online payment portal, incentivising early payment, increasing communication to customers and access to loan information. SLB will continue to forge partnerships between the public and private sector as well as utilize debt collectors to assist in reducing delinquency.

SLB forecasts a net surplus on operations of \$1,007 million (2019/20: \$624 million).

The Bureau has projected a staff complement of 118 employees (2019/20: 115).

## **National Health Fund**

#### Introduction

The National Health Fund (NHF) was established under the National Health Fund Act of December 11, 2003 with a mandate to reduce the burden of healthcare in Jamaica. Its operations commenced on April 1, 2004. On March 8, 2011, the NHF Act was amended to facilitate the transfer of assets and liabilities of the Health Corporation Limited (HCL) to the NHF. Consequently, on April 1, 2011, the NHF assumed responsibility for the procurement, warehousing and distribution of pharmaceuticals and medical sundries and the retail pharmacy operations of Drug Serv. On April 1, 2018 the NHF assumed responsibility for all 105 public pharmacies.

## **Operational and Financial Overview**

The NHF will continue to pursue its mandate of reducing the burden of healthcare in Jamaica through the following initiatives:-

- Individual benefits NHF and Jamaica Drug for the Elderly Programme (JADEP) cards will continue to be issued to individuals to provide drug subsidy to treat prescribed chronic illnesses. NHF forecasts that 535,297 (2019/20: 503,293) and 328,986 (2019/20: 314,967) individuals should be registered with benefits expected to be \$5,729.77 million (2019/20: \$5,057.83 million) and \$500 million (2019/20: \$329.02 million) under the NHF and the JADEP individual benefit programme respectively in the 2020/21 financial year.
- Institutional benefits funding to support health-related projects for the Ministry of Health through the Institutional Benefit Programme. During the 2020/21 financial year, \$1,691.62 million (2019/20:\$2,000 million) is forecast to be expended for the health promotion and health support programmes to cover a range of health prevention and promotional activities as well as infrastructure development and improvement in support of the Government's national health fund policy.
- Patient screening 110,000 screenings will be conducted to be enhanced by the fully operational mobile clinic.
- Quick Prescript Application and Quick Prescript Kiosks the Quick Prescript Application introduced in 2018 to reduce the waiting time for patients to access medication via the public pharmacies will be continued. The Quick Prescript Application allows patients to initiate the processing of the prescription via smart phones. Individuals are alerted when medications are ready and may be collected upon presentation of the original prescription. This service is also provided through Quick Prescript Kiosks that are made available in selected pharmacies.

The Fund projects a surplus of \$588.97 million (2019/20 estimate: \$1,365.78 million).

# NHF projects a staff complement of 697 (2019/20: 692).

#### **Bureau of Standards Jamaica**

#### Introduction

The Bureau of Standards Jamaica (BSJ) was established in 1969 under the Standards Act. In addition to operating under the Standards Act, the BSJ has ultimate responsibility for the Weights and Measures Act and the Processed Foods Act. However, the regulatory functions of the Bureau have been delegated to the National Compliance and Regulatory Authority (NCRA). The NCRA is operationally separate from the BSJ and legal separation continues; this will facilitate compliance with regional and international requirements.

Currently, the BSJ tests, analyses and certifies a variety of raw materials, components, and finished products on behalf of consumers, manufacturers, importers and exporters. The entity also provides services in the areas of quality control, calibration, metrology, training and technical information. The Bureau is also a contact point for a number of international organizations in matters pertaining to trade and standards.

#### **Operational and Financial Overview**

Over the next four years the BSJ will focus on ensuring the international competiveness of Jamaican products, and facilitating business development and trade; thus aiding Jamaica's economic growth.

In keeping with this effort, during 2020/21 the Bureau will:-

- Target Micro, Small and Medium Enterprises (MSMEs) in the priority sectors of manufacturing and agriculture/agribusiness, as well as emerging industries of medical cannabis, hemp and bamboo. The activities will include:
  - Assessment of their need for standards; design, development and delivery of relevant standards; and the provision of training and conformity assessments at discounted rates. Approximately 213 MSMEs should benefit from these activities (2019/20:127);
  - Continued provision of support for the Enterprise Development for Export Growth Programme (Export Max III). The Programme is done in collaboration with Jamaica Promotions Limited and is aimed at providing capacity building and market penetration support to exporters and export ready enterprises.
- Increase the number of standards developed (from 64 to 67) for products and services including buildings and associated materials; cannabis; medical facilities and transportable gas.

The entity projected a surplus of \$58.11 million (2019/20: \$36.79 million).

BSJ has projected a staff complement of 182 (2019/20: 174).

## **Coconut Industry Board**

#### Introduction

The Coconut Industry Board (CIB) was established under the Coconut Industry Control Act, 1945. The Board consists of nine (9) members, four (4) of whom are appointed by the Minister of Industry, Commerce, Agriculture and Fisheries (MICAF), and five (5) elected from among registered coconut growers.

The CIB promotes the interest of the Jamaican Coconut Industry and its stakeholders, by encouraging and facilitating the efficient production of coconuts, providing ongoing research support and developing marketing opportunities, locally and globally in order to develop a profitable and sustainable industry. The functions of the CIB are also to:

- Assist growers in the marketing of crops
- Advise growers on agricultural problems and provide technical assistance
- Manage the Coconut Windstorm Insurance Fund
- Develop coconut varieties and hybrid that are resistant to disease and possess commercial characteristics.

The CIB's financial year covers the period *January 1 to December 31*.

#### **Operational and Financial Overview**

The CIB's Research Department will continue to produce high-yield and disease resistant coconut palm varieties through the use of molecular techniques and tissue culture. This is in response to the numerous operational and environmental challenges, inclusive of diseases and pests infestation of the trees and nuts; unpredictable weather and natural disasters; increased price inputs, and praedial larceny that the industry continues to experience.

The CIB will also seek to increase the number of seedlings in its nurseries to escalate the population of coconut palms and seed coconuts. Accordingly the CIB will seek to:

- Complete the acquisition of a 1,000-acre property to establish a new seed garden, nursery and farm that will facilitate the construction of coconut water and coconut oil factories.
- Establish a new seed garden to adequately supply Jamaican farmers, entrepreneurs and investors to achieve the goal of planting 146,000 acres of coconuts over the next ten (10) years.
- Set 400,000 coconut seeds with an anticipated germination rate of 50%, producing 220,000 seedlings.
- Plant at least twenty (20) acres of coconut trees from approximately 4,000 seedlings.

The CIB has projected an operating deficit of \$279.06 million (2019: deficit \$100.17 million).

CIB projects a staff complement of 66 (2019: 55).

### Jamaica Agricultural Commodities Regulatory Authority

#### Introduction

The Jamaica Agricultural Commodities Regulatory Authority (JACRA) was established pursuant to the JACRA Act, 2017. JACRA was established for the development, regulation, promotion and standardization of the agricultural commodities industry; and for connected matters.

The Regulatory Authority came into operation on January 1, 2018 and the main functions are to:

- Regulate the named agricultural commodities, including coffee, cocoa, coconut and spices. However, regulation of the coconut industry is limited to the issuing of permits.
- Facilitate stakeholders in the sustainable development of the regulated agricultural commodities.
- Promote the quality and integrity of regulated agricultural commodities (RACs).

#### **Operational and Financial Overview**

JACRA will seek to provide diverse programmes and services to the agricultural industry. These will consist of technological research, quality assurance, laboratory services; licensing of dealers and processors; trademark registration and monitoring; farm and farmer registration; and protection of RACs. Accordingly, JACRA plans to, *inter alia*:

- Inspect works facilities and provide training in the use of chemicals, and soil and leaf sampling techniques;
- Issue new licences and sign joint project agreements to facilitate and encourage origin tours with potential investors. This area is expected to increase diversification and to explore new markets;
- Conduct research on multi-location trials; beauveria development/fungicides/ insecticides; and early warning system for the monitoring of coffee leaf rust;
- Implement a farmer registration programme for the RACs which will involve photo identification registration and maintenance of a database with the named commodity farmers;
- Facilitate commodity farmers meetings and educational tours throughout various regions.

JACRA has projected net surplus of \$37.45 million (2019/20: \$18.49 million).

The Regulatory Authority's staff complement is projected at 63 (2019/20: 60).

### Jamaica National Agency for Accreditation

#### Introduction

Jamaica National Agency for Accreditation (JANAAC) was established in March 2007 under the Companies Act as a company limited by guarantee without share capital. The members are the Accountant General and the Permanent Secretary of its portfolio Ministry. JANAAC is a signatory to Mutual Recognition Arrangements (MRAs), with the Inter-American Accreditation Cooperation (IAAC) and the International Laboratory Accreditation Cooperation (ILAC). These arrangements legitimise JANAAC in undertaking its functions of providing:

- 1. Accreditation services to conformity assessment bodies namely;
  - a. Public and Private sector Laboratories
  - b. Inspection bodies
  - c. Certification bodies
- 2. Technical training for quality assurance professionals and laboratory personnel: and
- 3. Technical information on accreditation of conformity assessment bodies to all stakeholders, as appropriate.

JANAAC is funded from fees charged for its services and an allocation of 10% of the Standards Compliance Fee collected by the Jamaica Customs Agency.

### **Financial and Operational Overview**

JANAAC will continue its marketing programme to increase its local and regional clientele, thereby increasing revenue from accreditation and training. Accordingly, the Entity plans to:

- Expand its inspection body accreditation services, having received approval on January 27, 2020 from ILAC for international recognition.
- Develop and implement its programme for the accreditation of certification bodies; none has yet been certified as focus was being placed on expansion of the services to laboratories and inspection bodies.
- Offer accreditation incentives such as discount on pre-assessments.
- Forge partnerships with tertiary institutions to provide training in the application of the International Standard for Accreditation.

Consequent to the above JANAAC expects to offer its services to seven (7) new clients and train three hundred (300) (2019/20: 261) persons.

JANAAC projects a net surplus of \$14.52 million (2019/20: \$28.00 million).

JANAAC projects a staff complement of 26 (2019/20:19).

## Micro Investment Development Agency Limited

#### Introduction

The Micro Investment Development Agency Limited (MIDA) was established in 1991 under the Companies Act of Jamaica with the objective of providing a focused approach to the development of Jamaica's micro enterprise sector through the provision of wholesale loan financing. The Agency seeks to achieve this objective by making low cost funds available through a pool of approved private and public micro-lending institutions who on-lend these funds to businesses in the micro, small and medium sized enterprises (MSME).

### **Operational and Financial Highlights**

The rationalization of MIDA's operations to facilitate an overall improvement in the efficiency and effectiveness of the Government's financing interventions in the MSME sector will remain a priority during the budget year. In light of the rationalization programme, MIDA discontinued the issuance of new loans effective April 1, 2019. Accordingly, MIDA's operations for the budget year will be limited to the management of existing loan portfolio. Notwithstanding, it is anticipated that funds previously on-lent to micro financing organizations will be disbursed to the service and distribution sectors during the budget year, benefiting approximately 158 entrepreneurs.

MIDA projects a deficit of \$5.96 million (2019/20 estimate: surplus of \$0.56 million)

MIDA will maintain a staff complement of three (3) for 2020/21.

## National Export-Import Bank of Jamaica Limited

### Introduction

The National Export-Import Bank of Jamaica Limited (Ex-Im Bank) was incorporated as a limited liability company on February 26, 1986 and commenced operations on May 1, 1986. The Bank is a trade finance institution with 100% shareholdings held by the Government of Jamaica.

Ex-Im is engaged in activities aimed at supporting sustainable economic growth and development in Jamaica and supplies an extensive range of financial products to productive enterprises in the local and export sectors. Ex-Im Bank provides short term financing to the non-traditional export sector to cover pre-shipment costs and post-shipment receivables and also assists other productive enterprises in the area of import substitution. The Bank also administers trade credit facilities made available under foreign lines of credit and medium term financing facilities through specific loan programmes to enhance competitiveness within the Productive Sector.

### **Operational and Financial Overview**

Ex-Im continues to pursue activities aimed at facilitating the growth and development of micro, small and medium enterprises involved in the manufacturing, agro-processing, mining, the service industry, information, communication and technology and the creative industries. Ex-Im Bank projects loan utilization of \$9,355 million supported by increased marketing activities, brand building and market analysis. The main activities for the 2020/21 financial year include:-

- Facilitating improved export performance and growth in loan utilization by increasing lending to exporters and linkages to support growth and development in these sectors;
- Promoting the expansion of the tourism linages via the small and medium tourism enterprises loan facility to create more opportunities for local entrepreneurs to respond to market needs in the tourism and hospitality sector;
- Improving service delivery and process flow through expanded use of technology with results obtained from core banking system reports and loan application.

Ex-Im Bank forecasts a net deficit on operations of \$267.78 million (2019/20: deficit \$113.21 million).

Ex-Im Bank projects a staff complement of 62 (2019/20: 58).

## Sugar Company of Jamaica Holdings Limited

### Introduction

The SCJ Holdings Limited (SCJH) was given responsibility in July 2009 to complete the divestment of the sugar assets of the Government of Jamaica (GOJ). An agreement dated August 15, 2011 finalized the divestment of all six government sugar businesses. Having completed the divestment of the sugar companies, the SCJH is now responsible for post divestment obligations which involve fulfilling the contractual obligations of the GOJ as set out in various sales and purchase agreements. Other major responsibilities include the management of lands located in several sugar-dependent communities, relocation of displaced sugar workers, data archiving, social welfare services, and the monitoring of new investors in the implementation of the business plans.

## **Operational and Financial Overview**

In fulfillment of its mandate to manage and complete divestment of sugar lands, the SCJH plans to continue and embark on a number of strategic initiatives. These plans are also expected to alleviate financial challenges and contribute towards assurance of sustainability as the company achieves its objectives. Consequently, the SCJH plans to:

- Complete development of and implement an Electronic Land Management System. The system is expected to provide real-time and accurate information on landholdings, the method by which they have been utilized or divested, the status of the occupants on the lands and information on land availability. The electronic system, which should result in a more efficient management of lease agreements, will also facilitate online applications for leases and provide a portal for applicants to obtain updates on their respective applications.
- Continue and improve on the community regularization programme and housing development for the benefit of displaced sugar workers and their dependents. Thirty (30) communities have been identified and five are targeted for regularization in Phase I; namely:
  - 1. Lionel Town in Clarendon, on 20 acres
  - 2. Clifton in St. Catherine, 35 acres
  - 3. Blackheath, Hertford & Morass Lane in Westmoreland 261 acres
  - 4. Carey Park in Trelawny 75 acres
  - 5. Hampden Lands in Trelawny 75 acres

The process has started in Clifton and the Blackheath, Hertford Morass Lane communities. Additionally, via joint venture agreements with private developers, and the National Housing Trust, several housing solutions will be made available for purchase at below market value.

• Administer land availability to support the GOJ's broad policy in respect of programmes such as New Industries (Cannabis and Hemp, Bamboo) and special demographics initiatives including Youth in Agriculture.

• Continue sale of lands in the Greater Bernard Lodge Development Master Plan (GBLMP) area through public advertising. The GBLMP seeks to ensure a systematic, sustainable and orderly development of the lands in the Bernard Lodge area.

The SCJH projects net surplus of \$79.38 million (2019/20: \$242.92 million).

A staff complement of 60 will be retained.

## **Sugar Industry Authority**

## Introduction

The Sugar Industry Authority (SIA) was incorporated under the Sugar Industry Control Act of 1937 and commenced operation in December 1937. The Authority's main activity comprises industry regulation, arbitration, research and the provision of technical assistance in the sugar industry. SIA's mandate incorporates the following:

- a) Providing advice on general policy with respect to the operations and development of the sugar industry;
- b) Undertaking research in relation to the industry through its department, the Sugar Industry Research Institute¹;
- c) Managing Jamaica's sugar quota under preferential agreements;
- d) Marketing sugar and molasses for local consumption and export through its agent the Jamaica Cane Product Sales Limited.

## The SIA's financial year spans November 1 to October 31.

## **Operational and Financial Overview**

The Authority will pursue the following initiatives during 2019/20:

- Create databases to track unlicensed importation of brown sugar. This action is expected to alleviate threats to the local industry from illicit imports into the Island in containers loaded, ostensibly, with duty-free refined sugar
- Increase the integrity of cane testing facilities via direct SIA control, in order to improve quality of the products in the market
- Intensify research operations as it relates to sugar cane diversity and production of biocontrol agents
- Conduct public education programmes for stakeholders on interpretation and critical elements of the Act
- Redesign core processes and implement improvement measures, following which policies and procedures manual will be developed to achieve an overall improvement in the regulatory functions

The SIA is projecting to breakeven for 2019/20 (2018/19: \$67.35 million)

The staff complement of the SIA is projected at 37 (2018/19: 55).

## **Firearm Licensing Authority**

## Introduction

The Firearm Licencing Authority (FLA) was established in 2006 under Section 26A of the Firearms Act (the Act). Pursuant to Section 26B (1) of the Firearms Act, the Authority is commissioned to execute the following functions:

- 1. Receive and consider applications for firearm licences, certificate or permits;
- 2. Grant or renew firearm licences, certificate or permits;
- 3. Revoke firearm licences, certificates or permits granted under the Act;
- 4. Amend the terms of a firearm licence, certificate or permit;
- 5. Receive and investigate any compliant regarding a breach of a firearm licence, certificate or permit.

## **Operational and Financial Overview**

The FLA in undertaking its role within the firearm industry will pursue increased compliance (with the terms of licenses, permits or certificates) by approved ranges, dealers, trainers, gunsmiths, security companies and licenced firearm holders. The Authority also aims to improve its efficiency, increase collaborations with external partners and agencies, as well as restore stakeholder trust and confidence in their operations. In order to achieve these objectives FLA intends to:

- Integrate its systems into a single Enterprise Management System in order to reduce the downtime in ascertaining the status of a firearm holder or firearm, as well as improve efficiency across departments.
- Increase the rates at which decisions in respect of new firearm applications are made within twelve months; the targeted rate is 60% (currently 43%).
- Undertake increased Public Education campaigns and quarterly customer satisfactory surveys. FLA will also continue to conduct meetings with stakeholders. These activities will be in an effort to facilitate increased public education and consultation.

The Authority forecasts a net surplus of \$83.14 million (2019/2020: \$29.20 million)

The planned staff complement is 181 persons (2019/2020: 150).

## **Postal Corporation of Jamaica Limited**

## Introduction

The Postal Corporation of Jamaica (PCOJ) was incorporated in 1995 to effect the modernization and reform of the postal system. The general objective of the PCOJ is to revitalize the postal service, improve the quality and range of services to acceptable levels and ultimately achieve financial self-sufficiency.

The PCOJ has assumed responsibility for the management and operations of the island's Post Offices and has introduced a range of new products aimed at leveraging its position as a commercial services provider.

## **Operational and Financial Overview**

One of the key undertakings targeted to modernize and reform the postal system is the procurement and deployment of the Counter Automation Software (CAS). The PCOJ intends to capitalize on the lessons learnt from delays and challenges of the past. The CAS is planned for pilot phase implementation and subsequent rollout to approximately 50% of all post offices by the end of the financial year. The implementation of the CAS is expected to replace inefficient and manual processes throughout the postal network.

Other initiatives to be pursued by the Corporation will include:

- Renewal of partnership with DHL whilst seeking to grow transaction levels and increasing operational efficiencies within the international courier facility;
- Expansion of the rebranded next day courier service in both segments of collection and delivery points;
- Improvement of the recently launched Online Miami Mailbox service through media coverage and expansion to a minimum of 24 pickup postal points;
- Continued support to the Post and Telecommunication Department in the areas of mobile post operations and surveillance equipment for select postal points.

The PCOJ forecasts a deficit of \$66.48 million (2019/20: surplus - \$28.71 million).

The Corporation has projected a staff complement of 20 (2019/20: 15).

## **Spectrum Management Authority**

### Introduction

In an effort to develop the telecommunication sector, the Spectrum Management Authority (SMA) was established by the Government in February 2000 under the Telecommunications Act 2000 with the primary mandate of regulating and managing the Radio Frequency Spectrum in Jamaica. One of the key objectives of the SMA is the establishment of an efficient licensing procedure to facilitate easy access to Jamaica's radio frequency spectrum.

The SMA also issues certificates of competence, approval certificates and letters of authorization for customs purposes. The Authority earns approximately 70% of its income from the regulatory and processing fees charged to users of the radio frequency spectrum.

### **Operational and Financial Review**

SMA plans to continue employing strategies that will advance its objectives and will ensure that the management of Jamaica's radio frequency spectrum is in line with international best practices. This will be achieved through the following:

- 1) Establishment of a satellite office in Montego Bay, St. James, to improve the monitoring and inspection in Western Jamaica.
- 2) Modernization of its monitoring equipment to improve its capacity to analyse spectrum interference in targeted major urban areas and centres of increased radio spectrum activity.

SMA's strategic focus will include, the strengthening of organizational capacity and the employment of adequate technical and business solutions to address the adverse conditions relating to the spectrum. This will be achieved through the acquisition of an automated spectrum management and remote monitoring and direction finding system, included in the SMA's planned capital expenditure. The system is expected to improve the capacity of the SMA to monitor the spectrum usage and reduce interferences.

SMA is forecasting operating profit of \$0.27 million (2019/20 – \$63.96 million).

The SMA current staff complement is forty-five (45).

# **Universal Service Fund**

#### Introduction

The Universal Service Fund (USF) was established by the Telecommunications Amendment Act 2012. Subsequently, USF assumed responsibility for the assets and liabilities of the Universal Access Fund Company Ltd. The principal Act levied a fixed universal service charge per minute on all international incoming calls terminating on networks of local carriers which is to be managed by USF. The Fund's principal activities are:-

- The collection of the universal telecommunications services levy from telecommunication companies;
- The analysis of projects that will enable all Jamaicans to have access to the internet;
- The disbursement and accountability for funds allocated to approved projects

#### **Operational and Financial Review**

USF facilitates the establishment of Community Access Points (CAPs) and provides access to public sector organisations mainly schools, libraries and post offices, along with faith-based organizations and the disabled community. The Fund also assists with infrastructure upgrades for specified public sector institutions, namely the Parliament, judiciary, the security forces and libraries to improve the services they provide. In order to ensure that schools receive special attention, E-Learning Jamaica Limited was established to enable education in a digital format.

Therefore to achieve its objectives the USF intends to undertake the following activities:

- Facilitating the establishment of twenty (20) new Community Access Points (CAPs) and providing access to schools, libraries and post offices, along with faith-based organizations and the disabled community.
- Supporting the Technology Advancement Programme (TAP) to facilitate a technologyenabled society by equipping approximately six hundred (600) young persons with the skills and experience to participate in the global digital economy.
- Facilitating the Connect Jamaica Programme by funding, implementing and partnering to deliver six (6) public Wi-Fi hotspots across townships.
- Continuing the island wide Broadband Programme which is designed to provide broadband access to public institutions (police, schools, hospitals, health departments, libraries, et al) island wide.
- Providing support of \$700 million to the E-Learning Initiative and assisting with the implementation to build out the Information Communication and Technology infrastructure through the Tablets-in-School (TIS) Project.

The Fund projects a deficit of \$1,390.39 million (2019/20: \$219.41 million surplus).

USF projects a staff complement of 45 (2019/20: 26).

#### **Aeronautical Telecommunications Limited**

#### Introduction

The Aeronautical Telecommunication's Limited (Aerotel) is a wholly owned government company incorporated in August 1978 to promote the growth and development of civil aviation telecommunications in Jamaica. Pursuant to Cabinet Decision No. 23/98, dated June 29, 1998 Aerotel became a subsidiary of the Jamaica Civil Aviation Authority (JCAA). Its mission is to provide reliable communication, navigation and surveillance systems on behalf of the Government of Jamaica in keeping with the standards and recommended practices of the International Civil Aviation Organization (ICAO). As a part of its role to provide information to the travelling public, Aerotel also operates a radio station, KOOL97 FM.

# **Operational and Financial Overview**

Aerotel will remain focused on strengthening the execution of its mandate in order to preserve the integrity and safety of Jamaica flight information region and improve the overall efficiency and reliability of engineering and telecommunication services provided. The strategic priorities which will guide Aerotel's operations during the year are as follows:

- Maintain continuous operation of all equipment to achieve system uptime of 99.9% by effecting scheduled preventative maintenance activities.
- Develop a Safety Management System and broader risk management procedures to achieve regulatory compliance and improved risk management.
- Implement alternative energy solutions and conservation aimed at reducing electricity consumption by 15% over two years.
- Pursue opportunities in the domestic and international market for income growth through the provision of telecommunications, media and technology services

Aerotel projects a surplus of \$106.43 million (2019/20 estimate: \$126.06 million).

A staff complement of 103 is projected (2019/20:104).

#### Jamaica Bauxite Institute

#### Introduction

The Jamaica Bauxite Institute (JBI) was established by the Government in 1975, as a regulatory, planning and development agency. The JBI was also mandated to manage the sovereign aspects of the Government's participation in the bauxite/alumina industry. The JBI is funded by levies from the bauxite industry. The Institute's functions include:

- Monitoring and studying the alumina industry, while providing technical advice and personnel for negotiations of various agreements;
- Undertaking research and development activities on various matters relating to the processing of Jamaican bauxite and alumina;
- Assessing and ensuring rationalization in the use of Jamaica's bauxite reserves and bauxite lands; and
- Monitoring and making recommendations to ensure adequate pollution controls and other environmental programmes in the industry.

The Institute also manages the Bauxite Community Development Programme (BCDP) which provides funding for development projects aimed at generating income and employment in communities within the vicinity of bauxite and alumina operations.

#### **Operational and Financial Overview**

The JBI will pursue the following activities in the bauxite and alumina sector:

- 1) Improving the allocation and efficient use of bauxite reserves through the management and protection of bauxite lands.
- 2) Rationalizing the use of bauxite lands and the welfare of affected communities through prudent management and protection of lands; compliance with established rehabilitation standards; promotion of sustainable development and protection of the interests of residents affected by mining and alumina processing.
- 3) Monitoring bauxite and alumina refineries to ensure efficiency and full compliance with agreements and the relevant environmental regulations

The JBI projects support of \$244.22 million (\$234.37 million – 2019/20) from the Capital Development Fund to support its operations.

The JBI's current staff complement is forty four (44).

#### Jamaica Bauxite Mining Limited

#### Introduction

Jamaica Bauxite Mining Limited (JBM) was incorporated on February 13, 1975, as a limited liability company. JBM holds (51%) equity on behalf of the Government of Jamaica in the mining operations of the Noranda Jamaica Bauxite Partners II in St. Ann, Jamaica. Ownership of the 49% shareholding previously held by Noranda Jamaica Bauxite Partners was passed to New Day Aluminium in October 2016.

JBM's non-bauxite activities are concentrated at the Lydford Estate in St. Ann. These activities include operation of the Ocho Rios Port for the shipment of sugar, limestone and the servicing of cruise vessels as well as the management of the Reynolds Pier and the rental of properties.

#### **Operational and Financial Review**

The JBM plans to continue the redevelopment of the Ocho Rios Port. The redevelopment will result in the construction of a multi-purpose facility at the port that will allow for continued loading and shipment of limestone and sugar; attraction of additional and larger cruise ships; and receiving and distributing hardware products as well as receiving fuel. JBM's total capital expenditure of \$171.39 million (2019/20: \$112.59 million) includes an allocation for the continued development of the Ocho Rios Port.

The JBM anticipates net surplus of \$123.43 million (2019/20 - \$186.45 million).

The current staff complement of the JBM is ninety (90).

#### Jamaica Railway Corporation

#### Introduction

The Jamaica Railway Corporation (JRC) is a statutory body formed under the Jamaica Railway Corporation Act of 1960. Since December 1990 the Corporation granted user rights over a section of its tracks to West Indies Alumina Company (WINDALCo) to operate a freight service. The Corporation's train service was suspended in October 1992, but resumed in 2011 with a limited passenger service covering Spanish Town, Bog Walk and Linstead in St. Catherine. The resumption of limited passenger service was discontinued on August 12, 2012.

#### **Operational and Financial Overview**

To maximize the economic use of the rail, efforts will continue towards facilitating the rehabilitation of a viable rail network from Kingston to Montego Bay for passenger, freight, as well as heritage tourism. The JRC will also pursue initiatives to improve the management of its extensive real estate portfolio with a view to increasing the overall return on assets.

The establishment of an Enterprise Team to guide the privatisation of the rail network was approved in 2019/20. Accordingly, it is anticipated that the process to facilitate increased private participation in the restoration of rail services across the network will continue during the budget year.

The JRC will continue to fulfil its existing contractual responsibilities under the Track User Agreement with UC Rusal Jamaica Limited.

The JRC projects a net profit of \$61.87 million (2019/20 estimate: \$20.27 million).

JRC plans to maintain its existing staff complement of Fifty One (51).

#### Jamaica Ultimate Tyre Company Limited

#### Introduction

Jamaica Ultimate Tyre Company Limited (JU Tyre) was incorporated on July 24, 2001 as a wholly-owned subsidiary of Jamaica Urban Transit Company (JUTC). The core function of the company is the provision of a reliable supply of retread and new tyres to JUTC, at the most cost effective prices.

The Company also markets its tyres and services to external customers, including other Government entities. Services provided by JU Tyre include wheel alignment and balancing, front-end inspection, as well as total truck and car wash.

#### **Operational and Financial Overview**

The JU Tyre plans to develop and improve its operational efficiencies with the introduction of new products and services and the modernization of its factory and equipment. To this end, the JU Tyre will replace its wheel alignment equipment and improve its tyre showroom.

The JU Tyre will continue to:

- 1. Pursue an aggressive marketing, promotional and advertising programme to improve its revenue;
- 2. Establish distribution arrangements nationally to provide a reliable and competitive alternative for new and retread tyres.

JU Tyre forecasts a net surplus of \$7.27 million (2019/20 - \$1.85 million).

The JU Tyre's current staff complement is 37.

#### Montego Bay Metro

#### Introduction

The Montego Bay Metro Limited (MBM) was established in September 1997 to provide a dedicated school bus service, for the teacher and student population in the parish of St. James and its environs. The shares of the Company were acquired by Government of Jamaica (GOJ) in 2002 to facilitate an improved bus service to the citizens of St. James, Trelawny and Hanover.

#### **Operational and Financial Overview**

The MBM will continue to operate in the western parishes of the island, transporting students and senior citizens. The Company projects an increased fleet of 16 units (2019/20: 14). The increased fleet is expected to improve the service reliability and by extension improve its revenue stream. Additionally to maintain the fleet schedule MBM plans to pursue a comprehensive repair and maintenance programme aimed at reducing the number of interrupted cycle trips.

The MBM forecasts a net deficit of \$106.28 million (2019/20: \$38.81 million deficit). Government subvention represents \$54.84 million (2019/20 - \$118.23 million) of total revenue.

# **Ports Security Corps Limited**

#### Introduction

The Ports Security Corps Limited (PSC) was incorporated in 1989 under the Companies Act of Jamaica, with the primary mandate to protect the Island's ports of entry, tourism product and export trade in the national interest. The Company's mission is to achieve the highest level of integrity of security services provided at sea and air ports through the development and deployment of a professional cadre of officers.

#### **Operational and Financial Overview**

PSC will continue to provide security services at the Island's air and sea ports. These services will remain consistent with International Ship and Port-facility Security, and the International Civil Aviation Organisation (ICAO) security standards. The strategies that will be employed during the year include:

- Re-certification of officers in keeping with regulatory requirements of the ICAO and Jamaica Civil Aviation Authority. A number of re-training exercises are scheduled to be undertaken and it is expected that 100% completion will be achieved in 2020/21. In addition, specific training will be offered to all managers in order to attain Security Management Certification.
- Improvement in detection capabilities across all PSC locations, with the introduction of modern equipment including the acquisition of under carriage mirrors and laser measuring devices.
- Review 100% of client contracts as well as rates to secure sustainable funding for operational growth and efficiency

The Corps projects a surplus of \$12.62 million (2019/20: estimated deficit of \$80.25 million).

PSC projects a staff complement of 992 employees (2019/20 – 891).

## **Transport Authority**

The Transport Authority (TA) was established in accordance with the Transport Authority Act, (8 July 1987) to regulate, license and monitor public passenger transport throughout the island, and to perform such duties as required under the Road Traffic and Public Passenger Transport Acts. The Acts were amended in 2005 to strengthen the Authority's enforcement capacity, eliminate ambiguities relating to the seizure of vehicles and classify the Stage Carriage B (Route Taxi) licence introduced in 1999.

Transport Authority's main functions are to:

- Grant licences for stage, express, contract, hackney and commercial carriers;
- Recommend rates charged by public passenger vehicles; and
- Regulate public passenger vehicles.

Operations of the Authority are conducted from four regional offices located in Kingston (Head Office), Montego Bay, Ocho Rios and Mandeville. The Authority also operates pounds at various locations throughout the Island to facilitate the storage of seized vehicles.

## **Operational and Financial Overview**

The TA will remain focused on its mandate of achieving a well-regulated, safe, secure and reliable public transportation system. As such, the Authority has established specific strategic goals to achieve this while enabling the Organization to remain financially viable.

For the budget year the TA plans to:

- Pursue improvement in order and safety in the public passenger transportation sector through increased monitoring and enforcement activities.
- Enhance service quality, performance management and transform the image of the Authority into a respected customer focused Entity. In this regard, TA will seek to complete and implement an organizational review and employ initiatives geared towards improving human resource capacity within the Organization to strengthen performance and service quality.
- Improve access to PPV services and information through the adoption of a market driven model for licensing and building awareness through the implementation of a public education campaign.

The Authority projects net surplus of \$42.86 million (2019/20 estimate: \$120.35 million).

A staff complement of 465 is projected (2019/20: 366).
